-A TIME FOR  
REMEMBERING

From the Staff & Management  
of the SENTINEL/VOICE

**A** Time for giving of ourselves in a special way to family, friends, and yes, even to strangers. There's nothing better at holiday time than the open exchange of good feelings and warmest wishes among all people.

**A** Time for Reflecting upon the many blessings we are so privileged to experience during our lifetimes. The days, months and years go by so quickly that we sometimes fail to take notice of the precious moments they are comprised of.

**A** Time for Sharing our daily good fortune and best wishes with everyone we chance to meet. Holidays are happier times when celebrated with others. So share your joy, your thoughts, your feelings and your expectations with others. Your efforts will surely be rewarded!

**A** Time to Say Our Thanks to all of the fine people it has been our pleasure to encounter throughout the year. To all of you — Merry Christmas!
