**LONIE Chaney**  
COUNTY COMMISSIONER  
DISTRICT D

*Campaign Headquarters*  
1122 Carson Street  
Las Vegas, Nevada 89101  
382-2881

Dear Neighbor:

It's been a long, hard summer of campaigning. I have had to defend myself from those who would destroy my record of twenty years of service to this community. I want to thank the many thousands of people in District D who have given me the benefit of their support and their prayers. Next Tuesday you will decide if those who would destroy Lonie Chaney will win or if those of us who believe in the people of District D will win.

Together we have survived the most recent growing pains which have plagued our lives: culinary strikes, flash flooding, diminished funding for education and other public services, and reduced transportation resources.

I feel it is important to advocate for positive impact projects which can change the promise of a better life into a reality for residents of District D.

During my ten years as Assemblyman in District 7 (Nevada State Legislature), I supported legislation for senior citizen projects, mental health community programs, expanded medicare, disclosure of generic names for prescription drugs, promoted and voted for over 90% of labor legislation, and the repeal of sales tax on food, to name but a few.

Our needs have not changed in District D; some of our problems have received very little action. With your support, as County Commissioner I will seek to develop and ensure an effective flood control project to protect your investments.

Above, I have outlined some of the reasons that you should support Lonie Chaney for County Commissioner, District D.

I believe that you will agree. **LET'S GROW TOGETHER — VOTE LONIE CHANEY, COUNTY COMMISSIONER** on Tuesday, September 4, 1984.

Yours for Responsive Government

*Lonie Chaney*
