

## City Seeks Bids For Cashman People Mover

Las Vegas City Councilman Ron Lurie announced that the City has invited all qualified companies to submit a proposal to develop an elevated automatic people mover system between the Cashman Field Complex and the site of the old Fire Station #1 located at Casino Center Blvd. and Stewart St.

The Request for Proposal for the ultra-modern people mover is a 155-page document that details the work required and both the City's and the successful bidder's responsibility.

"This is a very detailed document," Lurie stated, "and we are expecting responses from some very high-power-

ed, internationally-recognized firms."

The scope of work calls for complete engineering, design, construction, operation and maintenance of an elevated people mover system at no cost to the City of Las Vegas.

Extensive communication with numerous firms has made us "confident that private industry can build and operate this system at no cost to City taxpayers," Lurie

stated.

"Although the proposal calls for no direct City costs, the City will be very much involved with development of the project and will assist the successful bidder to the greatest extent possible," Lurie added.

The people mover project is one portion of a three-phase Downtown Transportation Project that has received the full support of the Mayor and City

Councilmen. The entire project is viewed by the City Council as a positive step towards significantly improving mass transportation in the downtown area.

The other two phases of the project included conversion of Fire Station #1 into a transportation center, and acquisition of motorized theme trolleys to circulate among the downtown area.

## MT. CHARLESTON CAMPGROUNDS CLOSING

The U.S. Forest Service announced today that it will be closing its camp and picnic grounds on Oct. 1, 1984 for the winter season. All sites, including group reservation areas, will be gated closed except for

Kyle Campground in Kyle Canyon and Deer Creek Picnic Area on Deer Creek Highway. Both sites will be available at no charge through the winter; however, no water or trash services will be provided. Visitors are also reminded that even after sites are closed, campfires, stoves, and charcoal may still be restricted until the fire danger is decreased.

District Ranger Bob Wize explained the site closures: "Our visitor use rapidly declines after Labor Day, to the point where it is not economical to keep them open. The water systems must be drained due to freezing night temperatures. During this time we winterize the water systems, and make needed repairs before winter sets in."

## VFW Award Made To Love All People Founder

The Rev. Prentice Minner, founder of the Las Vegas organization Love All People, recently was awarded the Better World Award at the 1984 National Convention of the Ladies Auxiliary to the Veterans of Foreign Wars.

The award, which was presented by Auxiliary President Harriet Timmons, and \$4,500 were presented to Minner and

his group for their efforts to help other young people by providing an alternative to drug and delinquency problems.

The teenagers in Love All People have learned musical talents under the direction of Minner and John Lerner, also a founder of the group. Love All People travel around the country trying to help other youngsters.

### A Touch of Etiquette

1. A good telephone voice contains a smile. It is also a voice with variety in its expression and tone and one that pronounces words clearly and carefully.

2. If you want to send a gift to a friend or business associate opening a new business, the traditional gesture is the sending of an arrangement or basket of flowers with your card for the inauguration party. Other gift ideas are: (a) Sending a card from the florist notifying him of a credit with that florist (to have flowers sent when they are truly wanted or needed); (b) Credit for "A Lunch for Four" at a nice restaurant; (c) Subscriptions to trade magazines or daily newspapers; or (d) A handsome leather agenda for his desk.
