

Civil Rights Activist Passes

Ramon Stewart Scruggs, Sr., age 75, a pioneer for equity and justice in the corporate world and a civil rights activist, passed from this life on Saturday, Oct. 6, 1984. He was the youngest of six children born to Mary Louise Buchanan Scruggs and James Walter Scruggs, Sr. of Nashville, Tennessee. After attending parochial and public schools in Nashville, Tenn., he received his Bachelor of

Arts Degree from Fisk University and pursued graduate studies at that same institution where he later served with distinction on its Board of Trustees.

For a brief period from 1935 to 1939, Ramon worked for the Detroit Urban League and the St. Antoine branch of the YMCA in Detroit. It was during this period that Ramon's love and concern for the needs of young people became

indelibly marked on the minds of all who knew him. His deep affection and caring for others was to be reflected in every area of Ramon's life until the very end.

In 1939, Ramon returned to the business community. Starting in Detroit with Michigan Bell as the first Black hired by that company,

he moved into a series of ever-higher positions in which no minorities ever had been allowed to enter within the Bell System or otherwise. Ramon again began to pioneer as he persevered. In January of 1963, in another historic move, Ramon was promoted to the world headquarters staff

QUESTION 12 — What is it? ANSWERS: NBCC Meeting Nov. 2

With the general election on Tuesday, Nov. 6 comes one of the big questions — WHAT IS QUESTION 12? Other related questions include: What is the plan, will it work for economic opportunities in our communities, will it help our education system and will it work for Clark County residents?

On Friday, Nov. 2 the Nevada Black Chamber of Commerce is extend-

ing an invitation to all to attend its regular membership luncheon meeting at the Westside Story, 901 W. Owens, where these questions will be discussed along with proponent of the question, Bill Heinrich and opponent Lamarr Marchese.

Everyone is invited to attend and is urged to bring friends. Bob Bailey, Chamber president, said, "The meeting will provide a clearer understanding so that all may be able to vote intelligently on these issues."

The meeting activities will begin at 11:30 a.m.

Parking Meters Carry Advertising Messages

CITY OF LAS VEGAS — A new form of advertising will line Las Vegas streets this month with the institution of Meter Messages, according to Las Vegas City Councilman Ron Lurie.

The City's 1300 municipal parking meters will be leased to Meter Message Inc. for City-approved advertising in the form of adhesive labels. The company will pay the City \$2.25 each month for each meter with a message.

"This program represents an opportunity to boost the City's revenues at no cost to the taxpayer as well as providing local and national businesses with a new attractive outlet to promote their products and services," said Lurie.

In addition to advertisements for business concerns, the parking meters will also carry public service announcements. United Way of Southern Nevada will be the first non-profit promotion for Meter Messages in the City of Las Vegas.

"We are always

seeking ways to serve the public good in partnership with private industry," said Lurie.

Godfrey Harris, Meter Messages president, reports that his company now has 34,000 meters available for advertising across the country. Diversified Junctures, Inc., a Las Vegas marketing firm, will coordinate the Meter Message operation in Las Vegas.

"The addition of Las Vegas will measurably enhance the appeal of this new outdoor advertising medium," Harris said. "Local businesses will be able to reach potential customers literally at the point of action,

Homecoming Queen

ReNee Shivers, daughter of Mr. and Mrs. Roy Shivers, is Chaparral High School homecoming queen. A senior, ReNee also was named to the Academic All-American Society by the National Secondary Education Council. She is on the girls' basketball team and is the 1984 recipient of the Joe Lewis Good Sportsmanship Award. ReNee plans to attend the Fashion Institute of Design in Los Angeles next fall.
