Sadness sweeps thru the Black Community as another Biz'ness (Skaggs Drug Center) closes . . . Where were the so-called leaders of the community when they need to stand tall and speak out concerning the need of a drug center for the seniors, children, and adults who must now travel a few more miles away to buy things? (Another case of massive draining of this Community of its needs.) . . . And the people the Community are yet standing and watching it take place to them and their offspring . . . Where are the guiding lights? Even Black History Month is being slowly changed into a thing of the past as many Blacks turn away from the only true means of unity by never forgetting the truth of their being here in America in the first place! The only race of people in this earth that is so torn apart is the Black race and daily it is being torn into greater division, and, by its very own so-called living-in-a-new-way Blacks . . .

Get off of the genuflection and start to walking as men and women who are not lambasted by the whipping-boys of the system in power. Remember that many Black men and women have died for the rights to live in this hate-filled country and world that is full of un-just deeds upon so many day by day . . .

The West Las Vegas Library presents the 3rd Annual Art Exhibit in honor Black History Month Feb. 1-Feb. 28th. On Feb. 1, The Gallery Opening & Reception is 6 to 8 p.m. A Concert &

They truly have a remarkable Memorial Chapel and stand ready to give you a guided tour which is a marked tour of learning for the living . . . Remember, there is so much to do and so little time in which one has to do it . . . So use what time you have in this earth wisely and in a most helpful way to aid your fellow-men and stop letting the corruptions of the tyrants of this time period eat up you and your loved ones . . .
