## HOW TO BE A SHARP SHOOTER.

With Polaroid's Sun 600 LMS camera from K mart, you can expect great pictures in almost any lighting condition under the sun. Or shade. Even indoors. Instantly, Sun 600's built-in flash and Polaroid 600 land film supply additional light when you need it. Automatically. So every time you point and shoot, lighting conditions are ideal.

Sun 600 LMS also means no harsh shadows, a fixed focus lens, and batteries that are built into the film pack. So there's never any need to buy new batteries.

And when you buy a Focal gadget bag from K mart, along with your Sun 600 LMS, you get a \$5 rebate.\* Add to that a K mart price and you get something worth shooting for.

\*See store for instructions. Offer good Sept. 29 thru Oct. 31, 1985.
