**Friday hearing set on Riviera amusement park**

It could be later this week before Riviera Hotel and Universal Amusement Co. officials learn if they will be allowed to open the already-advertised "Summer Fair" amusement park in the hotel's rear parking lot.

District Judge Earle White Tuesday scheduled a "show cause" hearing on the issue for 10 a.m. Friday.

At that time, attorneys for the Clark County's Board of Commissioners will be asked to "show cause why relief shouldn't be granted" to the hotel, White said.

The commission last week refused to allow the amusement park to open when it denied variance and use permits.

Commissioners agreed with nearby resorts that the amusement park would create a honky-tonk atmosphere and severe parking problems and voted unanimously to deny the necessary permits.

Riviera officials, who hope the fair will attract more families to Southern Nevada, diversify the economy and create jobs, immediately appealed the board's

decision in District Court.

The hotel, which had planned to operate the park May 16 through Sept. 16 of this year, has already spent about \$25,000 for building the park and Universal Amusement, its contractor, has spent \$280,000.

After the hearing, White could affirm the commissioners' decision, order the commissioners to issue the necessary permits to allow the park to open or send the matter back to the county level for further consideration.

The City of Las Vegas Dula Community Center, 430 E. Bonanza Road, is offering a Mid-Day Stretch Class on

Tuesdays, and Thursdays, from noon to 1 p.m. The fee is \$8 per six weeks. Registration is being taken from 9

a.m. to 9 p.m. Monday thru Friday at the Center. Classes begin on June 10. For more information call 386-6307.

**Herb Tobman files for governor seat**

Herb Tobman, a 35 year resident of Nevada, and a lifelong Democrat recently filed for the office of Governor.

Tobman has been in business since he arrived in Las Vegas. He feels that it is time that someone with a strong business background becomes Governor of Nevada.

The Las Vegas Democrat said that if elected his major priorities will be to work toward legislation to have a lottery in Nevada, eliminate drug use in Nevada, promote tourism and oppose any legislation that will increase gaming taxes. He will work toward a decrease in hospital costs in Nevada which now average \$941 per day as

compared to a national average of \$451 per day. His overall goal will be to develop a businesslike working

**Herb Tobman**

system for Nevada rather than a bureaucratic one.

Tobman's feelings on these issues are that a lottery will not detract from gaming revenue, but will add immensely to the State's income. He proposes that the money earned from the lottery be used for education and senior citizens. He advocates drastic measures such as life imprisonment for those convicted of selling drugs, and life imprisonment without the possibility of parole for those who sell drugs to minors. Since tourism is the largest source of revenue for the State, Tobman stresses the importance of bringing more tourists into Nevada thus automatically increasing the state's income from sales and gaming taxes and boosting the economy in general.

The facilities at the Tobman for Governor Campaign Headquarters at 830 South Main in Las Vegas are available to all Democratic candidates who do not have their own headquarters. Tobman thinks that more qualified and politically astute people would run for public office if they could afford office space and personnel to run it. The offer was extended by Tobman to encourage Democrats who can be of benefit to the community and state to seek public office.

Tobman has been active in local, state and national politics since his arrival in Nevada. He served on the first Las Vegas Recreation Board and the Clark County Planning Commission. He was a board member of the Las Vegas Convention Authority representing the hotel industry.

Tobman and his wife, Jean, have four children and seven grandchildren all of whom are native Nevadans.
