

Thanks for putting us out in front.

You've bought Wrangler, Rustler and Gitano jeans at K mart, so you could socialize, harmonize or do a day's work. You've bought curtains, linens, rugs and potholders. You've shaped up your body and tightened up your game with sweats, shorts, athletic shoes and sporting goods. You've stayed on the move and in the groove with skateboards, roller skates, radios and cassette players. You've put your best foot forward and stepped out looking good, in footwear and fashions.

You've come to K mart for so many things, so often, that you've put us way ahead of the competition. You've made us the most popular store in the U.S.A. — America's Favorite Store. We'd like to thank you for making K mart a part of your world. You'll always be an important part of ours.
