

Tobin Announces Candidacy for Mayor

P.A. Tobin has announced his candidacy for Mayor of the City of Las Vegas.

Tobin, whose family came to America from Ireland, was born in 1933 in Houlton, Maine.

A U.S. Army veteran, Tobin served in the Army for 20 years, spending 6 years in Viet Nam and 8 years in Germany.

He received his G.E.D while in the service stationed at Edwards Air Force Base, CA. From 1978 to 1980 he attended Clark County Community College and received an Associate AA Degree in Human Services.

While in the Army, in addition to his overseas duty, he was in the Military Police (Security), the Engineers (Demolition) and the Quartermasters, where he gained experience as a cook's helper and mess hall worker.

After leaving the Army in 1973, Tobin has been a member of the Culinary Union here in Las Vegas, and has been employed as a Cook's helper and bar boy. He has also served as a Security Guard for banks, in parking lots, hotels and construction sites.

Tobin is single.

CCCP To Host Annual Easter Dinner

The Community Citizen Concern Program will again feed needy Clark County residents at its annual Easter dinner.

Executive Director Eliza Rone said that her agency plans to feed 2,000 low-income and homeless county residents. "It's only one day," Rone said, "but it will give these people something to appreciate and perhaps restore their faith in themselves as well as others."

The Easter dinner will be held at the Community Citizen Concern Program office at 2124 Carver Street in North Las Vegas. Dinner will begin at 12:00 P.M. An Easter Egg Hunt for children ages 0 to 12 years will be held at 2:00 p.m.

Rone said that the annual Easter dinner and other agency efforts would not be possible without the support of many in the community, particularly the local ministry. She cited the Minister's Alliance and its director, Rev. S.P. Parks as essential to her agency's community service mission.

City Council "Compromises" (?) On Name Change for Highland Avenue

The Las Vegas City Council Wednesday afternoon did what it called "compromised" on the renaming of Highland Drive to Martin Luther King Blvd. A disappointed group of Black citizens left the meeting without their request to rename Highland Drive after the slain civil rights leader. The Council elected to name only the predominately Black section of Highland Drive to Martin Luther King Blvd. The renamed section of the street extends from Bonanza Road North to Owens, where it meets the section of Highland Drive which has already been renamed Martin Luther King Blvd. by the City

of North Las Vegas recently.

However, from Bonanza south on Highland, it will be business as usual. The City Council voted to have this portion of the street remain as it has always been - Highland Drive. The proposal as the Black citizens had wanted it was defeated, it was alleged, because many of the white businessmen did not think it feasible to change the name (over a period of three to five years), due to the need it would entail to order new stationery, business cards and the like.

deficit. Prices must fall further, interest rates must drop lower and the U.S. needs stronger leadership in the international community to create a more productive

society. Since it is unlikely all three of these feats can be accomplished in 1987, the direction of the U.S. economy can only continue to drift down destroying permanent employment while slowly saving some people by providing part-time jobs as the U.S. economy shifts to a service industry nation with its over abundant use of permanent part-time personnel.
