PRODUCTIVITY

Mobilizing and Harnessing Alumni Resources

The excitement about the '88 Conference is unmatched by the glitter and lights on "The Strip" because we feel the programmatic offerings are just as spectacular too! Focusing on the theme **PRODUCTIVITY — MOBILIZING AND HARNESSING ALUMNI RESOURCES**, there will be sessions covering a wide spectrum of alumni work from revitalizing a chapter to effective use of volunteers. The presentors will share their significant accomplishments as chapter followers and leaders in the areas of fund raising, membership recruitment, public relations and other successful projects.

This is the conference you asked for — an opportunity for you to interact and dialogue about your Federation — to brainstorm ideas, projects and activities to make the **SOUTHERN UNIVERSITY ALUMNI FEDERATION** grow and reach its fullest potential through your productive efforts and financial contributions.

SEE YOU IN LAS VEGAS!!!
