

Question of the Week:

How do you feel discrimination is created?

Donald Jackson:

By a lack of information about the different cultures . . . the family members talk about a race not knowing anything about that race, thus spreading false rumors.

Donald Jackson

Efua Atta:

It is created by someone in control who wants to maintain their dominance over another group of people . . .

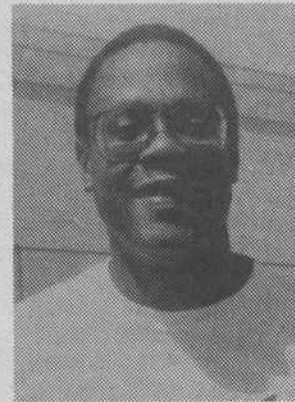

Efua Atta

Caroline Chatman

Caroline Chatman:

It is brought about two ways, one from within and the other from without . . . when these two come together it reduces the self esteem of the individual . . . the outward discrimination is passed down through the generations, from mother to child . . . the results of the outer creates the inward discrimination which lowers the self esteem of the individual to the point of believing you are nobody, and that's dangerous . . .

Terry Williams

Terry Williams:

Ignorance . . . basically it's people not understanding how to treat other people . . . when people prejudge others it creates animosities that could be due to the prejudices of their parents.

SUPPORT YOUR NAACP

88 Days of Summer Fun continues at KCEP and we expect you to be totally involved!!! We are off to the races with our Rhythm Runners Track Team, and believe me, we truly have our hands full. Our team consists of 9 - 14 year-olds, who are very energetic and ready for the big meet next Wednesday at 5:00 p.m. at Eldorado High School. Come out and support the Metro's "strongest team."

Parents and supposed-to-be concerned citizens, my heart is troubled as we begin the summer vacation for our youth; and I find that most of the summer programs are full or not providing transportation for our kids. What can we as a community do to provide activities or functions for a lot of youth who seem to be left out in the heat, due to overcrowded programs? If you have any suggestions or ideas, please call FM88 at 648-4218 and let's make a difference together.

This Saturday is a very hectic day for FM88. We will kick off a Summer Fun Jamboree at the Rancho Plaza, starting at 11 a.m. and continuing until 4 p.m. This event will be hosted by L.C. and yours truly. Come out and enjoy an afternoon of free food, music and all kinds of services.

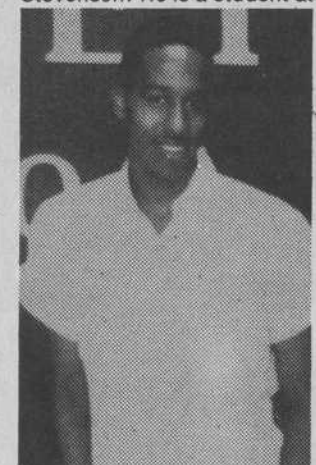

Starting at 7 p.m. this Saturday, we cordially invite the public to our 1st Annual Gospel Fest, which will be held at St. James Baptist Church. We are very excited about this program, because it will feature local talent and

it will also give us a chance to express our appreciation to the Gospel community for being very supportive.

Sunday, June 16 is Fathers Day and we feel fathers that are being fathers must be commended and reminded that they are loved and encouraged to keep up the good work, and hopefully they may rub off on some that are lacking...Oh oh, Larry?

We have a Fathers Day Contest going on and if you would like to participate call us for more information. I would like to thank N'Orleans Restaurant, Allen of Dynamic Balloons, and Bruce of Headmasters for donating these prizes to me for our Fathers Day promotion.

This week, I would like to introduce to the community my co-host of Youth Spectrum, Mr. John "Jazzy" Stevenson. He is a student at

John Stevenson

Clark County Community College, with a major in communications. This young man is a Western High School graduate with a great concern for the youth. John has a wonderful sense of humor and is a very talented

rapper. John can be heard Saturday mornings at 10:30 a.m. on Youth Spectrum.

Speaking of Youth Spectrum, join John and me this Saturday when we feature a tribute to Fathers of the 90s. This show will be special for John because we will have his father and grandfather, as well as guests, speaking on the importance or the role of a father.

Starting at 11:30 a.m., hostess Bobbie Troutman will feature the ever-so-popular Mr. Tony Brown, speaking on "Self Determination," and it's a "Black and White Thang." This show will be hotter than July and I encourage everyone to have it locked in and turned up!!!

Bobbie and I received our ratings and we owe you all the biggest thanks ever. Our ratings were superb and we are truly ego trippin', so please understand, okay? Again, I personally thank you all for your continued support and I am always here if you ever need me. I almost forgot to share this with you. On Monday evening I was out bike riding with my family, when all of a sudden a young man came out of no where and tried to run us over. Had I not been prompted by screaming family members, I would have been outta here. The moral to this story is to please be careful if you or your kids are riding bikes, especially on the other side of town.

God bless you, and until next time....
