The film "Years of the Beast" will be shown at the Hallelujah Fellowship on Friday, August 17 at 7:30 p.m. This is a fast moving, feature-length film with excellent special effects, which explores what might happen in the end-time years. You will experience society,

where money is worthless, food is scarce and your neighbor is your enemy. Watch as God and the forces of Satan prepare for the final battle and feel the great and ultimate triumph of Christ's return. Admission is free and a nursery is provided. Hallelujah Fellowship is located at 800 N. Rancho Dr., 1/2 block north of the expressway.

targeted for special racial harassment and brutality as a means of moving them off of those valuable properties.

Racism in America has always had its economic context. Now that it appears that the mayor of Michigan City, Robert Behler, wants to negotiate with members of the African American community, we believe that persons should not be pressured and harassed to give up their land to satisfy the greed nor the racial prejudice of others. Mayor Behler stated we need to sit down and find serious long range solutions." This mayor as well as hundreds of other mayors of cities similar to Michigan City need to understand that until the African American community as well as other racial and ethnic communities are economically empowered the problems of racial discrimination will have no short nor long term solution.

Now the city under Bheler's leadership has created the rate of condominium conversions which again economically excludes the vast majority of racial and ethnic residents. This has only added to the fears of the African American community

that "urban renewal" once again means "urban removal." It is a shame that the municipal leaders of Michigan City do not recognize the past contributions nor the potential of future contributions of the African American community to the benefit of the entire city.

As Chris Crawford laid dying in the streets of Michigan City, the local police present at the scene did not immediately call the ambulance because they didn't care about the life that they had already concluded was worthless and useless in a city that had become racially polarized. Police Chief Larry Kunzel defended the police department because the policeman assumed that Crawford was already dead and instead they called the coroner.

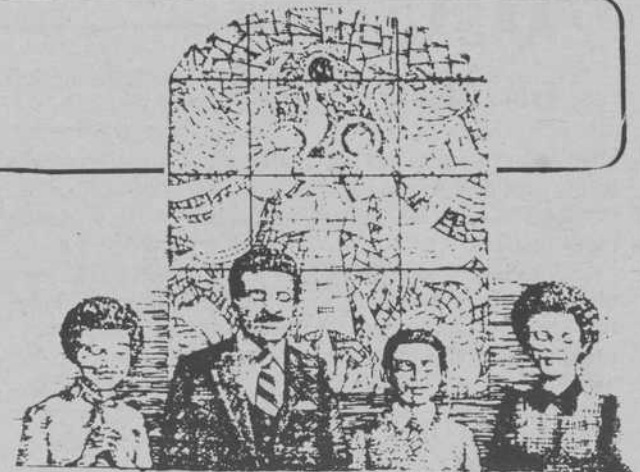

In America no one should be left to die in the street. Unfortunately, assumptions about life and death are colored by racial prejudice. Justice must be demanded in Michigan City, Indiana and the economics of racism must not go unchallenged.

## WORDS OF LIFE

### PRAYER POEM

It was Fanny Crosby, the great 19th Century hymn writer, who gave us the words of "Savior, More Than Life." They are words which remind us of how during "every day, every hour" we need God's grace and power. Who could say this more tellingly than did Fanny Crosby, with her incomparable empathy for the evangelical spirit in church hymns! Miss Crosby reminds us that in trusting God we cannot stray. None can ever lose one's way. Let us listen to her saving, grace-filled words.

*Savior, more than life to me,  
I am clinging, clinging close to thee;  
Let Thy precious blood applied;  
Keep me ever, ever near Thy side,*

*Every day, every hour,  
Let me feel Thy cleansing pow'r,  
May Thy tender love to me  
Bind me closer, closer,  
Lord, to Thee.*

*Through this changing world below,  
Lead me gently, gently as I go;  
Trusting Thee I cannot stray,  
I can never, never lose my way.*

*Let me love Thee more and more,  
Trusting Thee I cannot stray,  
I can never, never lose my way.*

*Let me love Thee more and more,  
Till this fleeting, fleeting life is o'er,  
Till my soul is lost in love,  
In a brighter, brighter world above.*

God shows us the way. Ours is to follow.
