Stockton College, is working with a medical conglomerate in Atlantic City. After the nuptials and honeymoon the couple plan to head for the Rocky Mountain area of the country...The Ophelia DeVore Alumni did it up grand over the W'end in celebration of her birthday. **"WRITE OUT":** -- You will be so lucky if "Truly Blessed" hits your bailiwick. The short termed B'Way Gospel musical, a celebration of the life of the immortal Mahalia Jackson, was blessed with some of the most thrilling Gospel music any ears have ever digested. It was truly blessed by the dash and range of the Voice of Queen Marrow. She also conceived and wrote the original music and lyrics...George Lucus who attracted film notice as the creator of "Star Wars" and

"Indiana Jones" has expressed his desire to bring to the big silver the heroic adventures of the Tuskegee Airmen in World War II. Colonel John Silvera, spokesman for the group, could be of tremendous aid in the resurgence of this group as would Col. Lee Archer who came out of that group America's only Black air ace. He downed five German

fighters over Italy. This group made the Italian air space no man's land for German airmen. It's time they received the international acclaim denied them all these years. This scribe is happy to have had the insight to cover the gatherings' take off from Mitchell Field to meet destiny at Tuskegee, as well as General Davis' and Lt. Treswell's graduations from West Point. Thomas Carter, who directs and produces "Equal Justice" is working with Lucus on this one. You might remember him as a bit player in the "White Shadow" TV series...The changes are beginning to be noticeable. The once banned African National Congress has been invited to send two representatives to participate on a six-member advisory committee. The group's chores are to examine the university's admissions policy and criteria for assisting students from educationally disadvantaged backgrounds...However, don't relax the pressure! STAY LOOSE...Billy Rowe is a syndicated columnist.
