

For most of
America,
school and
K mart are
right around
the corner.

For 28 years, kids and K mart have gone back to school hand in hand. From the clothes they wear to the notebooks they carry. From kindergarten to grad school. K mart has the fashions to send students back to school with class. A little lesson in American history, K mart style. The quality you need, the price you want.

This is the work of Nicole Cobb of Mrs. Bloom's 2nd Grade in Bloomfield Hills, Michigan. Done with a big 64-pack of crayons from our store on Opdyke Road.

Kmart
the Saving Place

The quality you need,
the price you want.
