

LAS VEGAS WELCOMES SATURN

Saturn of West Sahara
5325 West Sahara
(702) 252-8900

“Before you drive a Saturn sedan, you’ll have to get past its price.”

If you drove a Saturn SL1 before seeing its sticker, chances are you’d think it costs twice as much. Because it handles more like a European touring car than the affordable \$8595 car it is.

The long wheelbase and wide stance give it a stable ride. While the large tires and refined four-wheel independent suspension provide maximum footing on curves.

Even the weight has been distributed for exceptional balance, ride and handling.

Skeptical?
 Come feel for yourself.

A DIFFERENT KIND OF COMPANY. A DIFFERENT KIND OF CAR.

The quality of Saturn used cars is never an accident; it is always the result of high intentions sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives. Don Richardson, Used Car Manager
