males represented 90% of the higher levels of corporate America.

The deficit last year rose to 3 TRILLION dollars, but Bush still has 1.5 BILLION to spend on a telescope for space gazing? The thinking of CONSERVATIVES is that by establishing a NEW LILY WHITE colonial world, if America folds, the richest families still dominate the globe!

If the average American becomes homeless, economically it doesn't effect them. CONSERVATIVES now have INTERNATIONAL ties and economic resources. With world wide investments and political webs, CONSERVATIVES don't see America as their country, they are looking at LARGER horizons, a ONE WORLD ORDER AND GOVERNMENT! — PEACE

## IN GOD WE TRUST

(Continued from Page 6)

trust will rise even beyond our understanding. And we will choose to be in accordance with the One who can help us overcome our doubts and hurts. Our assurance is in Hebrew 11:1 *that faith is the substance of things hoped for, the evidence of things not seen.* Our level of faith becomes a test for victory over any obstacle of being black in America.

Neither are we left alone to find our way to the promise of salvation. For Jesus has assured us in Matthew 28:20...*lo, I am with you always, even unto the end the world.* This is so because God, for Jesus' sake, sends His presence in the Holy Spirit to reside within us as our constant ally to help us overcome the obstacles we face. It is in our hearts that the Spirit of God listens and speaks to us. And it is in our minds that we find the answers that work to solve our problems.

The choice to be whole is one in unison with an omnipotent God. For according to 1John 5:7, *there are three that bear record in heaven, the Father, the Word and the Holy Ghost, and these three are one.* Their unity is beyond our understanding yet we have the capacity to share it in our lives. Why would we hesitate? Our only hope for endurance as blacks in America is a trust in God's love and His will for us over our own.
