LAS VEGAS
 VALLEY WATER DISTRICT

HYDROLOGIC AND GEOLOGIC
 SERVICES FOR WELL DRILLING
 PROJECTS

FEBRUARY 11, 1992

Firms interested in being considered to provide Hydrologic and Geologic Services for well drilling projects to the Las Vegas Valley Water District are invited to submit a U.S. Government Standard Form 254 and 255. Services under this solicitation will be provided on a job order basis during the period beginning April 1, 1992. The total value of such services is not anticipated to exceed \$1,500,000.

Your submittal must contain the following information as part of section 10 of SF 255:

1. A commitment to provide the required professional services on a twenty-four hour basis any day of the week including holidays and weekends, as may be requested by the District.
2. A Commitment to proceed with hydrologic and geologic services within one working day from the District's notice to proceed and to continue such work until so notified by the District to terminate the work.
3. A commitment that professionals furnished will perform the required services as directed by the District.
4. A list of the professionals to be assigned to the project with a statement of their training, education, and past experience in providing such hydrologic and geologic services for water well drilling, development and hydrologic testing.
5. A commitment to indemnify and hold the District harmless from any and all claims, demands, actions, attorney's fees, and costs or expenses based upon arising from the actions, negligence, or omissions by your firm, its successors, agents, associates, employees, subcontractors, and assigns and from the actions, negligence or omissions by any third party for which your firm is legally liable when providing the subject miscellaneous hydrologic and geologic services to the District.
6. Resumes of employees experienced in logging well drilling operations. Only qualified, key personnel are to be identified in the proposal. An organizational chart must be supplied, identifying the role of each person. The District reserves the right to re-structure the personnel organizational chart and disqualify under-experienced personnel.

Your written response, in triplicate, must be enclosed in one sealed envelope with the words "Hydrologic and Geologic Services for Major construction Program III and IV, Well Drilling Project" appearing in the lower left corner of the envelope and must be addressed to Mr. Terry Katzer, and delivered to the Las Vegas Valley Water District, 3700 West Charleston Blvd., Las Vegas, NV 89153, on or before 5:00 p.m. on Tuesday, February 17, 1992.
