Rick Hamil was born in Martin, Tennessee, on June 24, 1945. He was born-again in Las Vegas, Nevada, on May 13, 1985.

From the late 1960's to the late 1970's Rick was a successful businessman in Memphis TN, where he was a founder and president of three different corporations. By 1978, a broken marriage, coupled with compulsive gambling resulted in bank-

ruptcy of all the businesses. Rick moved to Las Vegas and established himself as a top poker player in the world. From 1983-1985 in the World Series of Poker he won second, fifth and first place. The cost of success was not cheap as the pressure of living in the fast lane resulted in a cocaine addiction which brought Rick to the brink of destruction.

Rick now spends the majority of his time and energy on the highways and byways and in the casinos telling all who will hear, one-on-one, eyeball to eyeball, the "Good News."

MS. VALORIE WILLIAMS

COMMUNITY PROFILE MS. VALORIE WILLIAMS

Ms. Valorie Williams along with her other duties, is responsible for the admissions at C.P. Squires elementary school. Recently she received a plaque from the Clark County School district for her tireless work with homeless students.

C.P. Squires in one of several "At Risk" schools in the district. Through Ms. Williams efforts, many of these children with special needs have had the opportunity to learn and grow. Currently there are four major homeless shelters which have large numbers of school age children. They have special needs including, clothing, tutoring, and counseling; all of which are vital if these children are to feel comfortable in the learning environment.

Ms. Williams' message to the community is to remember; all things are possible with faith in

God. Many of these children live in broken families, and the structure of the complete family is also vitally important in the development of children! Even though their parents find themselves in tough times, the children shouldn't suffer from lack

of educational opportunities. People like Ms. Valorie Williams ensure these children that they will indeed get all the help available; developing bright young minds who will become productive citizens in the next generation.

U.S. Senator Harry Reid visited with the Rev. James and Mrs. Jessie Rogers of Las Vegas recently in the United States Capital. Rev. and Mrs. Rogers were in Washington, D.C., to attend the National Prayer Breakfast and other seminars.
