The Coolest House On The Block Wears Sunscreens

During the long, hot, summer months in Las Vegas, it's "cool to be cool." That's why the coolest houses on the block wear sunscreens. Sunscreens are custom fitted by area contractors exclusively for the glassed areas of your home. By installing sunscreens you can reduce the amount of solar heat coming into your home by up to 70%. Now that's "cool." That

means sunscreens can save you some "cool" cash on your summer power bills.

And, Nevada Power will give you cash back with sunscreen installation.

That's "Super Cool."

Sunscreens come in a variety of colors. They are made from a durable vinyl coated yarn that lets in soft light and breezes while providing privacy.

For more information on Nevada Power's Sunscreen Program, call 367-5101.

NEVADA POWER COMPANY

Offer good through 12/31/92
