

EARLY SPRING REGISTRATION SET FOR DEC. 1-11

Several new functions have been added to the telephone registration system at the Community College of Southern Nevada, making it easier than ever for students to register for classes.

According to Arie J. Stops, Director of Admissions and Records at CCSN, the new func-

tions include "Shop" which allows and Records, students to search the database for open sections of a course and "Account Balance Inquiry" which will give students a balance of tuition and fees owed.

In addition, telephone registration now allows students to pay for their course with their

Visa, Mastercard, Discover, Carte Blanche or Diner's Club credit cards.

Early Telephone registration for currently enrolled students at The Community College of Southern Nevada will begin Tuesday, December 1 and run through Friday, December 11 at all three campuses. Currently

enrolled students whose last name begins with the letters G-L can register December, 1; M-O, December 2; P-R, December 3, and A-F, December 4.

Students may access the telephone registration system from 8 a.m. - 7 p.m. Monday through Friday by dialing 643-7026. Telephone registration

for all students will take place from Monday, December 14 through Friday, January 8 from 8 a.m. - 7 p.m. at all campuses. Walk-in registration for new students will also take place at those times. Mail-in registration runs from Monday, December 14 until Monday, January 4.

Stops encourages students to use the college's phone registration system. "It's very easy to register by phone," Stops said. "All you need is a touch-tone phone and a few minutes of time."

CCSN continues to have record enrollments with figures for the Fall semester up 19 percent over the same time last year. Spring class schedules will be mailed to most residents in the Las Vegas valley.

Those who did not receive a schedule may pick one up at any of the CCSN's three campuses.

For more information on Spring registration, call the Admissions and Records office at The CCSN, 643-0830.

EDUCATION

FREE LIFE SKILLS CLASSES TO BEGIN FOR TEENS

Basic life skills can be difficult to obtain for many teenagers, leaving them at a disadvantage as they struggle to survive on their own. Nevada Homes for Youth is attempting to change that. This non-profit organization is offering Independent Living/Life Skills Classes beginning January 19, 1993.

The classes will run Tuesday and Thursday, from 3:30 to 5:30 in Beam Hall Room 217, on the University of Nevada, Las Vegas campus. Participants must be 15 to 21 years of age. High school students can earn one-half credit towards graduation by completing

the classes.

Successful living requires many different skills so these classes cover a variety of topics. These include completing job applications, interview skills, education and career opportunities, budgeting and finances, housing, transportation, goal setting, making responsible choices, drug and gang awareness and prevention, dating and family life, and use of leisure time.

To register for the classes or to obtain more information, call Nevada Homes for Youth at 256-9200. Interested teens are encouraged to register early because class size is limited.

Nevada Homes for Youth, a private, non-profit organization, provides education and residential living for older adolescents who must learn to live independently. The organization has offered Independent Living Classes since 1990 and now operates three residential sites, as well. Anyone interested in making a donation may call 256-9200.

NOTES FROM THE SCHOOL OF AFRICAN PHILOSOPHY

Why is there so much disunity in the African community? This question is asked frequently and for years for an answer. Could it be that because my shade of black is not as light as yours, you abhor me? Could it be because my hair isn't straight like yours that you dislike me? Could it be because I don't drive a fancy car, wear pretty clothes and live in a nice neighborhood that you choose to disassociate with me?

Africans, all these things do not matter in the larger scheme of life. The European cares not what hue of black your skin tone takes. He cares not how easily manageable your hair is, and he care not of your economic status. When we understand that our strongest allies are none but ourselves the perhaps white's won't be so right anymore and sacrificing ties with your own for a psuedo relationship with him will be a thing of the past. Until next week this have been the minister of information.
