MASTER'S OF DESTRUCTION

(Continued from Page 3)

These master's of destruction now make up enemies out of nations of color, which they never attacked in the past. If native Americans can't be Hitler, and if blacks can't be the Anti-christ, then one only has to look as far as the next nation of color. Here we can make a Saddam into the devil, or North Korea a tyrant needing to be bombed and destroyed!

It has been that way since the inception of America. Mis-guided sections of the white American population are easily corrupted by prejudiced media accounts, and by false official government propaganda. Hate Islam and all of its followers because of a bomb attack. (we don't really know who set that attack.) Hate people in the middle east because they protected their homeland against our invading forces. Hate the Koreans for developing ONE bomb, when we have not only developed hundreds, but also used them to kill millions! Finally hate M.L. King because he was a communist. After the FBI spread this propaganda, which helped in DR. KING's murder, we are now trying to save the same white communists, while millions starve here at home? PEACE...
