### Culinary Local 226.

Looking for union members to join Target '94.

Must be willing to help stop the MGM Grand from becoming the first new major casino to open non-union. Must understand that our contracts everywhere else are in jeopardy. Unless the MGM Grand is stopped we will lose health and welfare, pension, wages, grievance procedures...just like workers across America who allowed their unions to die, one company at a time.

## ★ HELP ★ ★ WANTED ★

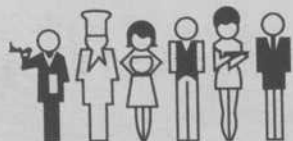

**MGM Grand.** Looking for 5,000 people to work non-union.

Will pay equal with union until other casinos follow our lead—then we'll take back pay, reduce health benefits and cheat people out of their pension.

No grievances allowed. Must be willing to take whatever we dish out.
