KIRK FRANKLIN

The Gamaliel Christian Bible Training Institute will begin a study of God's great plan of the ages, setting forth a comprehensive view of his dealings with man from the beginning to the end of all things. There is more order and classification in the Bible than many people seem to realize; in fact, the Bible is the unfolding of a great plan that was ever in the heart of the eternal God. And the only way to understand the details of his word is to have a clear understanding of it as a whole.
It is not the plan in this series of study to give a detailed study of the Bible, but rather to put before you the outline of the ages, beginning with the past eternity, and following God's methods with man through time, even unto the future eternity.
Study will begin with the past eternity, and revert to the time before there was a universe, before a planet was ever brought into existence, before even the angels were created. We go into the past eternity to find out those things that have neither beginning nor end, and we behold four facts of utmost importance.
