but has been fortunate enough to win on a consistent basis. He is hoping that his intense research will produce enough winners during the bowls, and also the remainder of the NFL's regular season, to not only maintain his exclusive clientele, but also bring aboard many new clients for the basketball season.

A LOOK AHEAD

OVERALL: 43-44-3 - .494%

¹Phoenix will go into Seattle with a ton of confidence and leave with a notch in the loss column. ²Not only does Green Bay tend to cover the number the second time around in this meeting, but Minny has hit only 36% in this situation since '69. ³The Giants always have struggled against NFC West opponents. Coming off of a loss to L.A., New Orleans will be looking to explode. ⁴The Redskins are indeed sad this year, but remember this, they hit over 65% ATS as a home dog. Winner outright this Sunday. ⁵This is a big matchup for both Buffalo and Miami. Unfortunately for the Dolphins, it'll be all Buff. Plus, whoever covers the first meeting between the two, has failed to cover Game 2 the past five years. ⁶I don't think the Rams or the Bengals will be able to score a TD - 3-0 OT - You pick the winner!!!

OVER 47

A successful week in the NFL, nailing down four out of six games.

The Giants was an easy play, topping the hapless Colts. Phoenix was just a ridiculous favorite against the Lions. The Browns always seem to cover against the Oilers on the road, and the same goes for the Niners and Falcons when it comes to the total - OVER!!!
