**LEGAL NOTICES**

**NEVADA DEPARTMENT OF TRANSPORTATION PREQUALIFICATION NOTICE OF ADMINISTRATION OF ENGINEERING AND RELATED SERVICE CONTRACTS**

The Nevada Department of Transportation (NDOT) expects that in the future it may require technical proposals from consulting firms for the services listed below. For the purpose of soliciting the required technical proposals and in accordance with 23CFR172, entitled "Administration of Engineering and Related Service Contracts", the Nevada Department of Transportation maintains lists of responsible prequalified consulting firms that possess the ability to successfully perform needed services.

This is an annual solicitation for prequalification and has no cutoff date for submissions. NDOT is always open to receipt of prequalification statements from interested firms. If you are currently on NDOT's prequalification list(s), you must resubmit prequalification form(s) for each discipline because all lists will be purged effective January 1, 1997.

Prequalification submittal(s) should be addressed to the Nevada Department of Transportation, Agreement Services, 1263 South Stewart Street, Carson City, Nevada 89712, with a separate submittal for EACH discipline in which the consultant wished to be considered. Professional consulting services that may be required by NDOT include, but are not limited to:

|   | Value Engineering                             |

Consulting firms possessing demonstrable expertise in these areas are invited to submit. Minority Business Enterprise and Women's Business Enterprise firms are expressly invited to submit as most of the Department's projects have specific requirements relative to Affirmative Action Program activities.

Included in the prequalification submittal should be general information on the firm, the firm's brochure, experience of the firm (Standard Form 254), and a resume (Standard Form 255) of key personnel expected to be available for assignment to engineering contracts for NDOT. Non-engineering Consultants should contact NDOT for the applicable State of Prequalification Form.

Additionally, all interested firms must submit a detailed statement indicating the organizational structure under which the firm proposes to conduct business. The relationship to any "parent" firm or subsidiary with any of the parties concerned must be clearly defined. Further, the firm shall provide a statement of any and all contracts with NDOT which are currently being performed and a statement whether the professional consultant or firm performed services under any name other than the one appearing in the response. Personnel in responsible charge of any engineering work will be required to possess and maintain a valid Nevada Professional Engineer's License, or in the case of right-of-way engineering and surveying a Nevada Professional Land Surveyors License.

Consulting firms have the sole responsibility for updating the information which is submitted.

Also, as a prerequisite to processing contract proposals, selected firms must be prepared to provide financial information needed by the Department to complete a pre-award audit evaluation. This includes, but is not limited to, current salary and indirect cost schedules, audited financial statements, trial balances and charts of accounts. Such information will be treated confidentially.
