Magnet Schools Project Office 799-5479

It is the policy of the Clark County School District to afford equal opportunity in education to qualified students. If you think you have a disability that may affect your ability to fully participate in any of the District's magnet programs, you are encouraged to provide information about your disability to the review committee at the school(s) to which you have submitted an application so that they may help you develop an accommodation plan. Admissions criteria will not be waived, but accommodations will be made where possible to allow you to meet the requirements, provided that you are timely in working with the committee to develop an accommodation plan.
