

Now, the only thing easier to get than wireless is a library card.

But when was the last time you were lost and said, "Gee, I wish I had a library card."

Introducing Prepaid Wireless from AT&T.

No annual contract required. No credit check. No deposit. No monthly statement.

Has wireless always seemed out of your range? Then, pick up an AT&T Airtime Card. Just buy the amount of airtime you want, \$25 or \$50, and use it when you want. When you run out, buy some more. No annual contract required. No worries about your credit history or monthly statements.

It's all within your reach.

Just call or stop by your AT&T store or an authorized AT&T dealer, and ask for the AT&T Airtime Card. It may cost a little more than a library card. But, hey, you'll never get snagged for any overdue charges. **AT&T Wireless Services**
