

Youthful Spirit

Performance, art campers end season with bash

Thirty-nine youth participated in the performing and visual arts camp which is sponsored by the Cultural and Community Affairs division of the City of Las Vegas Department of Leisure Services, the Las Vegas-Clark County Library District and West Las Vegas Arts Center. This year the visual arts program explored many fine art media. The entire class collaborated on a large landscape in an art exhibit. Another project included creating a shadow box. Participants also learned ceramics and craftsmanship.
