

# Batman

(Continued from Page 9) ing: PG-13 for intense action sequences. As for a love interest, tomboy Rachel has blossomed into a capable assistant district attorney, but Bruce seems too surrounded with bimbos to notice her, and as Batman, he is merely an obsessed man on a mission. No need for such distractions, here, after all, this story is merely about the genesis of the legend, and you've got to save something for the sequel.

Excellent (4 stars). Rat-

ing: PG-13 for intense action violence, disturbing images and mature themes.
