

Cross

(Continued from Page 7)
Cross is a seminal figure, first for her professional standards, but also because she overcame many of the challenges of being Black and female in a predominantly White, male profession.

"And that's still the case. I don't see Black women be-

ing discussed as successors to Peter Jennings or in some of these serious journalist positions in the decision-making positions," she said. "I think that the door has opened a little bit; there's a

Creole proverb that translates 'beyond the mountain, more mountain.' And I think that's our lives, unhappily our lot. It's our reality."
Alexandra Poolos writes for Women's eNews.
