CHRISTMAS MEMORIES

WHEN you are treading again the happy years of your childhood the memory of those scenes becomes acute, and some of the incidents which brought us so much happiness return to us. Among the happier memories are those of Christmas.

Just now, the little, happy, elk-like poem "The Night Before Christmas" comes to mind again and again, and because of its rhythm and fanciful rhyming and the memories it stirs up, and because it seems no longer to be known to our children as it was to us "oldsters" of long ago, it seems to bear repeating. To me, it tops, for rhyme, rhythm and alliteration, any of the modern poems. Because of this poem, the author, Clement C. Moore, was much loved by most of the boys and girls in America in those days of long ago.

T'was The Night Before Christmas
By Clement C. Moore

T'was the night before Christmas
When all through the house
Not a creature was stirring,
Not even a mouse.
The stockings were hung by the chimney with care
In hopes that St. Nicholas soon would be there.
The children were nestled all snug in their beds,
While visions of sugarplums danced

CRISWELL PREDICTS

TIME can fly fantastically fast . . . for it seems like only a few days ago that we extended our Holiday Greetings to all our friends via the pages of Fabulous Las Vegas Magazine. Here are a few gifts that you will find under your Christmas Tree for the coming year of 1958!

THREE IMPORTANT CYCLES TO WATCH!!!

1958 will prove to be the crossroads of history! Never before in the record of crime we call history has there been the undercurrent, the riptides, and the unseen dangers which lurk beneath the surface. Yes, we who go beneath the surface of things do so at our own risk! There are three things this year which will affect you and your family personally: (1) The violence of the climate on a worldwide basis. (2) The famine cycle. (3) The political unrest!

When we speak of the weather cycle, we speak of sheer violence. The increase of earthquakes on the fifty year cycle climax (the San Francisco earthquake was in 1906). So you see we are slightly overdue on the West coast for other disturbances! Every half century in geological records, a series of monster quakes have brought ruin, death and destruction to some part of the world on a grand scale! We are moving into that cycle, which our geologists call "the echo," and it could mean a disaster at any given moment.

The famine cycle works on the quarter-century basis, which coincides with the violent weather cycle of not only earthquakes, but typhoons, heavy snow, blizzards, hurricanes, tornadoes, and very late seasons. The failure of crops will reflect, not only in India, China and the Orient, but also into Africa, South America, and Australia. American farmers will be asked to feed the world, and at a good selling price!

Politics makes very strange bedfellows! By the time 1958 becomes history, you will find more strange partnerships and stranger alliances than ever before. Nations, races, and creeds who have been irreconcilable will subdue their smoldering hate, and join in a common bond! This will directly affect you and the price you pay for many items, as the political history of a nation is tied to the value of its money!

We are in a strange roulette of existence, and our chips have already been placed on the table! We are wagering against the mighty forces of Godless Communism in every area of the world! The coming months will prove a fantastic challenge to the personal faith of every American, and that includes *you* personally!

You have a front row seat, and here is why! A major revolution is taking place right under your very nose! This revolution will be so far changing and far reaching that by this time next year, you won't recognize THE ENTERTAINMENT WORLD! The lavish spectaculars, the gaudy musical comedy productions and dramas filled with pageantry will be a thing of the past! This will not only take place on television, but in radio, threatre, night-clubs, and touring attractions! The entire entertainment world will revert to the one-woman, or one-man type of presentation! The moviemakers of Hollywood have found out that the TELEVISION SCREEN CAN ONLY HOLD ONE FACE AT A TIME, OR AT THE VERY MOST, TWO! The huge casts, once needed

ISN'T THIS a wonderful time of the year? Homes are filled with light hearted gaiety and a rosy hue has invaded the hearts of everyone. Weariness is replaced by exuberant energies and the season calls for rejoicing. . . . Children are enchanted with the brilliantly decorated evergreens and Carols are being sung while last-minute wrapping chores are attended. . . . The tantalizing odor of baking fills the kitchen, as mother happily plans that special menu for her loved ones. . . . It is at this moment that giving takes precedence over wanting. . . . Yet, if you are hoping Saint Nick will bring a special desire to your possession, we sincerely wish you will obtain all you want. As for us, our desire is to see happiness in the faces of all. This is the greatest treasure of all; far better than diamonds, furs and the most expensive cars. You don't need a fortune to bring delight to the hearts of your loved ones. Just let them know how much they really meant to you. Smiling devotion will be your reward. One of the greatest gifts is that of yourself. Give of yourself, to lighten the task of a dear one. Give of yourself, to bring importance to someone's being. Give of yourself and you will find the reason of life. . . . Christmas doesn't mean a trip to the finance company. A gift of the heart is never forgotten. When you see the angel on your Xmas tree smile, you'll know the true meaning of Xmas . . . and that's for sure.

A Year's Review in Fabulous Las Vegas:

JANUARY 5, 1957

COVER: SMILEY WASHBURN, BADWATER BILL and the beautiful GUICE Twins.

On January 5, FLV's first complete TV show went out over the CBS network for an hour show, called, "FABULOUS LAS VEGAS."

Although PINKY LEE scored an overnight success in the London vehicle, "United Notions," he had to withdraw from the cast. The fog tortured his sinus condition and Pinky had to return to the U.S.A.

ABE SCHILLER cut quite a figure in the "Rose Bowl Parade," astride his beautiful horse, saddled with the historic gear of WILLIAM S. HART. (Abe is Executive Veep of the FLAMINGO HOTEL.)

The LOU ELLENSONS returned to FLV, after spending the Xmas holidays in L.A. with their children.

SAM BARR took an extended leave-of-absence from JOE W. BROWN'S HORSESHOE CLUB and returned to Baltimore, Md., December 27, 1956.

JOSEPHINE PREMICE introduced her pagan, primitive, passionate witchcraft to the Lounge of the DUNES HOTEL.

Belated congratulations went to PATTI PAGE and CHARLES O'CURRAN, wed at WILBUR CLARK'S home, December 28th.

"GLITTER GULCH"

By HARRY PARKER

THE WORLD'S most brightly lighted two blocks, that portion of downtown Las Vegas along Fremont Street between Main and Second Streets, has, amazingly enough, found space to hang Christmas lights and decorations to take on a touch of the Holiday look. The addition of these attractive decorations, while they don't add a very impressive candlepower output to the dazzling array of neon signs covering both sides of this active canyon from almost ground level to hundreds of feet into the sky above, do not go unheeded by passersby and their message of cheer and good will is effectively transmitted to them.

Normally one of the most colorful sights to any tourists passing, these miles of neon tubes that overshadow even the spectacular lighting displays of fabled Broadway and Hollywood Boulevard, naturally lose some of their tinselic beauty to the softer incandescent glow of lesser fixtures calling attention to the anniversary of the Birth of Christ and the arrival of the Christmas season.

It is an astonishing thing to note the change wrought upon the inhabitants, permanent or temporary, by the addition of just this small touch of ornamentation.

Gambling in general is unlike most businesses in that it deals in large amounts of currency yet doesn't render a tangible commodity in return to the person who has spent, through losing at a game of chance, a quantity of money.

At its worst, when operated cleanly and fairly as it is in all of Las Vegas, it provides a stimulus that few people, either occasionally or regularly, can resist. To a winner it spells all of that same excitement connected with riding its fickle flight plus the added thrill of winning.

It isn't an easy game from either side of the table and occasionally true values can become lost in the shuffle. After all, for twenty-four-hours a day, human beings reduce everything to the most available least common denominator — money. This really isn't surprising, nor is it peculiar to this industry alone.

It seems to result then, at least in the observations of this writer who has lived seven Christmas seasons in Las Vegas, that the Holidays are welcomed as warmly here as you will find anywhere in the world. Everyone seems grateful for the opportunity to emerse themselves completely into the often referred to "Spirit of the Occasion" and to let it reflect throughout the area for long after the holidays have passed. Perhaps it is our imagination, but the Christmas Candle, and all it stands for, seems to burn more brightly and for a little longer period of time than it does in the average city.

On the heels of these few reflections in Christmas Spirit a La Vegas,

'Round the Town

with HAL HALSTEAD

ONE short year ago I penned my first Christmas column for this edition of Fabulous Las Vegas Magazine. During the year that has elapsed, many changes have taken place on the Las Vegas scene. Of course, this era of Sputniks, Muttniks and what-have-you-niks, is an era of changes and particularly so in our ever growing FLV. The spotlight of National publicity has glowed brightly and continuously on our town for some time now, and will continue to do so for years to come. Even the announcement of Russia's launching of a global sphere could not overshadow the momentous news that Bing Crosby had married Kathy Grant. Very few people (and I'm not one of them) understand the import of "Sputnik" — but everyone in the world can "thrill" with the love affair of the famous Bing—and the climax—the wedding—happened right here in our—Fabulous Las Vegas.

It has been interesting to me to re-read the columns of ROUND THE TOWN written during the past year. It is of course, impossible to reprint them all for this edition, but I have selected a few excerpts from each column at random and I will jot them down here and perhaps refresh the memories of some of you readers. On January 5, 1957, we noted that:

"Familiar faces seen at the ROYAL NEVADA opening were RED MEANY, chief of the bartenders, JACK RAVETTI, popular silverhaired bartender, and cocktail waitress ELLIE CAVANAUGH, all of whom were formerly at the Silver Palace. Also decorating the mahogany with luscious drinks was FREDDIE LIND, whom you last saw at the EL RANCHO . . . WALTER WINCHELL'S recognition of our own MITZIE HULS augers great things for a great gal. It couldn't happen to a nicer person — as the V.F. will no doubt agree . . ."

It seems that most of those familiar faces can now be seen at the New SANS SOUCI—at least at this writing. By publication time, other changes could be made. And I doubt if W.W. had in mind the marriage of MITZI to MR. JAMES STUART of the TROPICANA—but it happened—and greetings to all you nice people.

Then on January 19, 1957:

"BILL MITCHELL of BONANZA AIRLINES, soon to announce an item of importance to air travelers. BONANZA is continually looking forward, with faith in Las Vegas progress . . . The old virus bug found lodging with many Las Vegans recently. MICHAEL CORDAY of the beauty salons has been bedded by the flu . . . Two months old ANTHONY, son of CHRIS, PLANET ROOM, Captain at the NEW FRONTIER, at home now after a hospital siege . . . ARTURO, major domo of the CLOUD 9 LOUNGE also a victim of the dreaded bug . . ."

The first item has been borne out many times since then by the rapid expansion of Bonanza — and doesn't the second item have a very familiar ring to it—only this year they call it "Asiatic Flu."

On January 26, 1957, I recorded that:

"A very promising future is in store for redheaded thrush, JESSICA JAMES, of GEORGE WHITE'S SCANDALS at the RIVIERA. Her impression of Ethel Merman is a honey . . ."

Although it's not quite what we meant, it is indeed a promising future, because the charming JESSICA is now married and in the throes of motherhood.

Taken from the column of February 2, 1957, it said:

"Once in a Moon over Vegas we are privileged to be present at what might be the actual birth of a star. That was the thought which came to me as I listened to the song "Sinphonies" as delivered by SHIRLEY BASSEY at her American debut in BELDON KATLEMAN'S EL RANCHO VEGAS. This gal really has what it takes and believe me, SHIRLEY knows what to do with it. On her arrival in New York, SHIRLEY recorded for Columbia Records with MITCH MILLER . . ."

SHIRLEY has been acclaimed all over the land since her debut here, and is one of the bright new stars in the firmament.

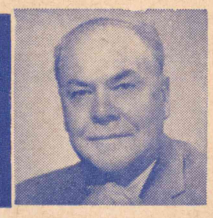

In the same column it said:

"SAM LANDY, special traveling representative of the DUNES, is doing a nice bit of public relations for all of Las Vegas. SAM gave an informal talk to the men of Temple Beth El in San Mateo, California, recently, in which he included some highlights on gambling. The talk was very well received and SAM has had many requests for similar discussions before other business and social groups. Sounds like a splendid idea and one which will do a great deal to dispel the many . . . etc . . ."

Hillsway

by ROLAND HILL

IT SEEMS as though every magazine in the country today is printing condensed versions of timely best-seller books, so as my way of saying a MERRY CHRISTMAS to all of my readers in FABULOUS I would like to give them a Christmas gift of a pocket-version of my latest book HILLSWAY — EIGHTH EDITION — Foreworded by our own WILBUR CLARK, and dedicated to the great state of Minnesota on the occasion of its HUNDREDTH BIRTHDAY in 1958.

This edition contains 6491 names of the best places to eat and stay in the United States, (304 having write-ups about them that I think make interesting reading) a story about every state in the Union, 597 in all of Europe, 163 in Alaska and Canada, 50 in Hawaii, and 172 in Mexico. In addition I have listed 927 of the BEST stores in America in which to shop, and 771 names, dates and addresses of the top extravaganzas such as our own HELLDORADO here in Las Vegas, thus making this edition of HILLSWAY the only Where to Go, Stop, Eat, Play, and Shop Travel Guide Book in existence in this country. Remember in this condensed version I have just picked at random key places all over the country, and if you want the book, itself, and everyone should have a copy of it in his glove compartment for ready reference just like he has maps, you can obtain same by writing me at P. O. Box 2090 in Long Beach, California, and enclosing $2.00 in currency and HILLSWAY will be in the next mail to you. You, too, after reading HILLSWAY will become a "Happy Wanderer" just the same as I. MERRY CHRISTMAS and Bon Voyage!

WHEN the Christmas season rolls around each year the human mind just naturally follows a prescribed pattern and begins to reflect backwards on the events and occurrences of the rapidly diminishing year. The advent of the holiday and its festive spirit seems to temper these reflections and in summing up experiences of the immediate past we tend to discount recollections of those things that perhaps did not please to the fullest extent, but rather we dwell at length on the more enjoyable tangibles and intangibles experienced and make our summation with them foremost in our minds. Fortunately, for us all, this is a general attitude and it further enhances the spirit of "giving" so universally prevalent on Christmas Day. In addition to feeling that we want to make token gifts of thanks to those we love as a partial and loving payment for their affection during the past year, we enjoy greeting and thanking friends, acquaintances and, many times, people we do not even know for a particular gift of friendship, kindness, or some other thing that made us happy by its having been available for our enjoyment. Such is the intended spirit behind this year's "Lounge Star's" column. For the past year, this writer, and countless others, either living in Las Vegas or visiting with us for a few days, have enjoyed the talent and art offered by an impressive army of performers in all of our Lounges throughout the city. The writer, feeling that we have all derived a full measure of enjoyment along the way, wishes to thank these wonderful entertainers for the happiness they have sent our way via the medium of the Lounges.

All in all there have been approximately three hundred of these groups appearing in some seventeen-odd *Lounges* dotted throughout Las Vegas, both on the fabulous Strip and in the heart of the famed "Glitter Gulch" of Fremont Street.

Who presented the best group is of little interest, as is which Hotel consistently provided the biggest and most expensive names. What is important is that every one of these groups, the Hosts they played for and the personnel that comprised them is deserving of special Christmas Greetings and thanks for their contribution toward helping to make Las Vegas the true "Entertainment Capital of the World" and for buoying up countless spirits during one of those "difficult periods" we all experience and attempt to escape.

We shall try here to touch all bases and to leave no one out. But should we pass over any group or *Lounge Star* who appeared in FLV during the year, be sure the omission was not one of intent, but rather mute testimony to the many frailties and shortcomings of the human mind.

Now we'll ask you to reminisce with us as we attempt to recall, briefly, the performances of "*Lounge Stars of* 1957." See how many of them you can recall along with us.

Who could forget the pagan and primitive Calypso witchcraft of JOSEPHINE PRENTICE and Her wild and savage group of AFRO-CUBAN CALYPSONIANS at the DUNES. . . . The melodious THREE SPARKS who entertained at the EL CORTEZ and THE THUNDERBIRD HOTELS. . . . Pianists ACE BALKIN and DOROTHY SEIFERT in the *Nevada Room of* JOE W. BROWN'S HORSESHOE CLUB. . . . Trombonist BRUCE DAVIS and His lilting combo at the HACIENDA. . . . Frenetic and

Mighty Mixture

by GARY STEVENS

WHAT KIND OF A YEAR HAS IT BEEN???? That chamber of the brain which stores memories has been considerably enlarged during the transitory period we came to know as 1957. *It has been terse with its staccato spray of events; at no time was there even a smattering of ennui in the world's atmosphere. The past twelve months bristled with the unexpected.*

An Arkansas governor, relatively unknown, clashed with the President and subtly suggested that we obtain individual state appraisal of U. S. Supreme Court decisions. His actions, whether we want to believe it or not, came close to forcing minor or major civil strife all over the South. Fortunately, moderates came to the fore and cooler heads prevailed where hot ones were developing.

A Queen of England was forced to the embarrassing position of defending her home life. The regal Elizabeth and her consort Philip made the gossip columns. Excluding Margaret Rose's "on again — off again" romances, this was the first time the imperturbable House of Windsor had mumblings since the then Prince of Wales spoke "ex animo" about the lady he loved and lateraled the King's crown to his brother, George. To placate the group at 10 Downing Street, reassure her people and stand before the world as a happy wife, the grown up "Lillibet," with dignity and maturity, visited Canada and the United States with Prince Mountbatten at her side.

Major league baseball, long the epitome of America's national pastime, did an unprecedented geographical shuffle job and removed from New York City both of those arch-rivals of interborough competition, The Brooklyn Dodgers and The New York Giants. After much fencing, maneuvering and cross continent conversation, the Polo Grounders up and left for San Francisco and the "Bums," from east of the East River, addressed their belongings to Los Angeles. The diamond upheaval was climaxed when the genre of World Series championships was changed. The New York Yankees, multi winners of the fall classic flag, went down to defeat before a gritty group of Milwaukee Braves, sparked by pitching and performances of one Lew Burdette, who accomplished hurling results in baseball's big show that eclipsed all tossing records save those written in the books by Christy Mathewson more than a half century ago.

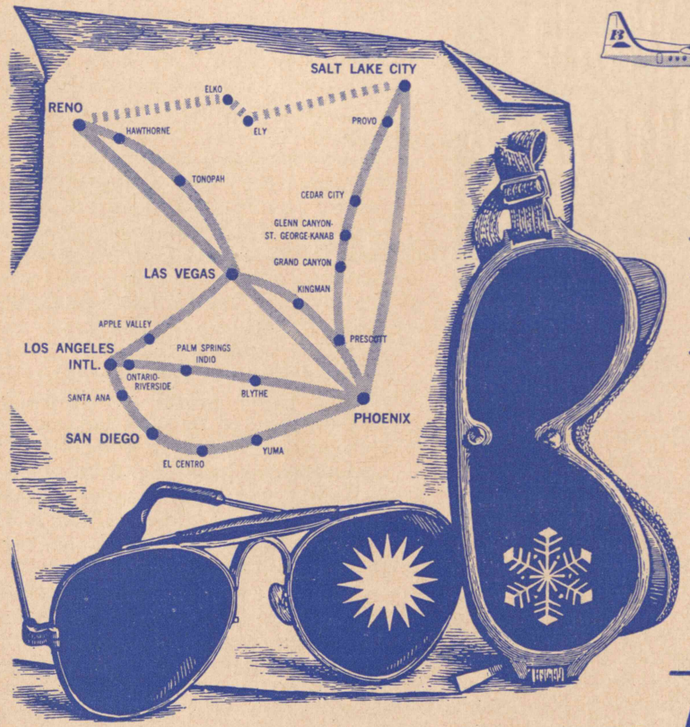

And there was Sputnik, a scientific triumph for the Russians in the contest of who gets to the furthest point fastest. To those who see the future of the universe in rockets, atomic power and guided missiles, no doubt the revolving satellite gave the Commies a huge propaganda victory but the Russkies, when they try for the big prize, a ride to Luna, might be surprised. It is just probable that a hotel will be nearing completion when they arrive. Anybody for the Moon Hilton!!!

In 1957, American home life presented this dichotomy. Elder statesman Harry Truman, the President who loved the piano, became a grandfather when daughter Margaret, now Mrs. Daniel, gave birth to a boy; Tommy Manville, who is chauvinistic

Behind the Hollywood Headlines

Villain or hero, good guy or bad, Cameron Mitchell doesn't care which as long as he can be both! Speaking of his screen characterizations, of course. "My one dread in acting," says Mitchell, "is that of being typecast. I don't think there is anything else that will completely stagnate an actor more than this, unless it's not working at all." Mitchell, who co-stars with Glynis Johns in "ALL MINE TO GIVE," literally slugged, battered, pistol-whipped and murdered his way to screen stardom. In his first big acting opportunity in "THE OUTCASTS OF POKER FLAT," the mobile-faced Mitchell unleashed such a variety of simulated venom, slapping, beating and shooting his fellow cast members, he was voted by the crewmen "the meanest doggone heavy who ever terrorized a sound stage." "Immediately I was offered my choice of parts," he says, "but I just couldn't accept any of them. Each one had me beating and killing everyone in the script. I knew that the choice had to be made right then. Either I fall into a stereotype as a villain, or I wait for the right part and try to make a career as a versatile actor for myself." Cam decided to wait, and his judgement has paid off handsomely, making him now one of Hollywood's most sought after actors. After achieving success as a "menace," Cam shifted gears through such roles as the gay, anything-for-a-laugh Happy Lomen in "Death of a Salesman," the cowardly sheriff of "Tension at Table Rock," a polished career diplomat in "ESCAPADE IN JAPAN," and the poverty-stricken but courageous Scottish immigrant in "ALL MINE TO GIVE." "I want audiences to expect me in any kind of role, and to be able to accept me in it," he says. "In today's market with tremendous exposure to millions a common thing, I th'nk versatility is the key to success. The stereotyped actor just can't make it anymore." . . .

Movie mothers who don't think a career and children can be mixed successfully ought to take a good, long look at Jane Powell. Jane, who returns to the screen in "THE GIRL MOST LIKELY," after a two-year absence during which she had her third child, is a firm believer in the policy that a career and a home can be combined, and is going all out to prove it. "I can't understand all the cry about movie stars who have children and want to pursue their careers also," says Jane. "Mothers all over America today are proving that work and home-making can be combined. Statistics show that over 55% of all the working wives are also working mothers. And doing it successfully." Not only is Jane's screen career in full swing, but she's forging into new fields, with recording contracts, TV appearances and night club acts. "And with careful planning, not haphazard working," Jane emphasizes, "I also have a very happy home." Jane's secret is extremely selective bookings. She only accepts picture commitments that will enable her to be home every evening, and if a location of any duration is needed, she arranges for the children to accompany her. "Television engagements are no problem either," smiles Jane. "Right now I'm only accepting one-shot appearances or filmed shows so I can be at home as much as possible." From the children's viewpoint, Jane's night club engagements are the best of all. Jane takes bookings for weeks at a time in places like Las Vegas, and the children go right along with her. "They love it," she says.

. . . IT REALLY HAPPENED . . .

ENOUGH has been written and said about Sophie Tucker as an incomparable entertainer. Every superlative in the dictionary has been lavished upon her. She needs no introduction to any audience anywhere in the world. She needs no praise from any of the journalistic critics. She needs no publicity build-ups. She needs no phony props or gimmicks to put herself across.

Enough has been written and said about Sophie's commanding stage presence; about her majestic warmth of emotion; about her resplendent wardrobe; about her amazonian physique and energy.

Those of her gifts and talents that meet the eye and the ear have all been adequately recognized and appreciated. What I would like to write about here about Sophie are her more important qualities — her spiritual qualities.

As I sat, the other night in the opera house of the El Rancho Vegas in Las Vegas, watching Sophie perform, feeling the pulsating waves of warm affection flowing from the audience to Sophie, and from her back to them; as I once again came under her spell, along with the hundreds of other willing captives, as she delivered her charming sermon of love and considerateness with all the authority of a priestess; I finally came upon the essential ingredient of greatness in Sophie Tucker; behind all her ribaldry and mirth and good-natured scolding, there was one central theme: the theme of love. It suddenly came over me that Sophie was a preacher, that in her own way she was preaching and proclaiming the old biblical adages and commandments.

And this feeling found confirmation at the close of her performance, when Sophie, in humbly acknowledging the plaudits of the crowd, urged that they perform an act of "Zedokah" by giving her a subscription for charity.

Here, I thought, is this woman's special claim to fame. And here is the secret of her unflagging energy, her willingness and ability to carry on even after a half century of the strenuous tyranny of show business.

For to Sophie, her professional success is not an end in itself. It is merely the means to an end. The real end, the higher goal, is her spiritual and religious fulfillment.

This it is that I would like to write and talk about.

For Sophie Tucker's record of "Zedokah" will live on long after her huge successes as an actress and entertainer have been dimmed down the long passageways of time.

We and our children, and our children's children, are and forever will be the beneficiaries of those good works. They include gifts, in money and in love, to humanitarian causes all over the United States, and in countries abroad as well.

These include hospitals and homes for the aged; playgrounds for children and summer camps: houses of learning and of worship and of healing: innumerable other causes serving humanity's physical and spiritual needs.

Also included are such things as the Sophie Tucker Medical Ambulance donated to the people of Israel by the Mogen David Aid Society of London; and the Sophie Tucker playground in Shaar Ha'Negev in Israel, sponsored by the women's division committee of the United Jewish Appeal of New York, which Sophie hopes to dedicate in person in 1958, during

CRISWELL PREDICTS

to embellish a program, look like insects on a small TV screen! The entertainment world will consist of one-man and one-woman shows, which you will be able to enjoy. Costly polls and surveys have been made, only to find that the one-man and one-woman show is remembered far beyond the other trivial hash hurled at the American public! Here is another hush-hush reason, also: The mounting cost of production, due to the unions, both in technical staffs, performers, and musical background. Remember this prediction!

Here is another revolution that is quietly taking place, and how it will effect your daily life! All the daily necessities of life will be wrapped and packaged in brand new clothes, with eye-appeal, color and a great built-in urge to buy! This built-in psychological appeal will draw the money from your pockets like a magnet! I assure you it will be a pleasure to spend your money for these delightful, newly packaged products, soon to greet you in your supermarket or department store!

One of the most far-reaching of all employer-employee relationships will soon be tried by the Bell-Telephone System! Each year, from September to June, different groups of employees will attend the Bell-System of Educational Conferences. Actual telephone problems will be discussed and solved in small groups. The teachers and lecturers are top telephone men, professors from leading colleges, experts in economics, finance, labor-relations, business management, and public relations, who will reach all employees by closed-telecasts, film, and in person! That is not all! The Bell Telephone Company is the leading company offering any woman a chance for a secure place in the business world of tomorrow! There are many facets of this public service, and it is very gratifying to be connected where your services are a vital part of the daily life of America and of the World! Yes, my friend, you are quite safe as an employee, for it will be sometime before telephones go out of style!

Stray Straws in the wild wind — you will be confronted by (1) soft, compelling, conducive background music that will lift your spirits and please your inner-ear in factories, clubs, hotels, fraternities, stores, shopping centers, banks and offices! Good music will help you to appreciate yourself, your surroundings, and the service you receive! (2) A dandruff removing shampoo which will take the dead skin from the most delicate scalp, and help to restore healthy, vibrant hair! (3) You will be able to buy a 1915 styled automobile with a 1958 motor. This innovation will catch on like wild-fire, and you will make every effort to be the first in your area to have this latest 1915 model! (4) The state of Georgia will make a special bid for industry by furnishing cheap, natural gas to cut production costs, and to produce a superior product. Georgia will stress a plentiful supply of trainable labor, milder climate, ample water, convenient plant sites, and the tops in transportation! (5) A new cosmetic cream will soon receive national promotion. It is made from the controversial Mesquite, the lumbersome tree that grows on the Texas plains. It has also been found that Mesquite leaves are nourishing for cattle! (6) A Delta Wing B-58 with a detachable pod for bombs and extra fuel can now fly over one-thousand miles per hour! This Convair product has been called the "Hustler" by the Pentagon! (7) Spun Aluminum will be the next material used for all types of luggage from small vanity bags to overnight cases, including wardrobe trunks! (8) The railways will soon experiment with an "Excursion Special" which will serve you free food (buffet style) with music and entertainment, all included in the price of your ticket! (9) Hot water can be yours instantly with a new faucet attachment, the size of a half dollar! This tiny mass of electric wiring can instantly heat and deliver

a continuous flow of water! and (10) Salt Lake City will openly boast that they have every major basic, raw chemical; sixty-percent of American phosphate reserves; two hundred and fourteen different minerals; one-third of nation's copper; largest proved uranium reserves in the nation; one-fourth of nation's coal reserves; largest steel mill west of Mississippi; healthful climate, with low humidity, plus plenty of elbow room for you and your family to grow all in the center of the industrial west!

From all vertified reports, this summer will be the hottest to date! With the intense heat, there will be many people who will suffer sun-stroke or heat prostration. The number of these cases will increase but it will be most helpful to know that there are other causes of fainting, and unconsciousness which are: (1) Brain or skull injury (apoplexy, stroke, fracture of skull). (2) Hemorrhage. (3) Uremic poisoning (kidney disease). (4) Diabetic coma (sugar diabetes). (4) Drug addiction (alcohol, morphine), (6) Mental disease (as epilepsy). TREATMENT: Call a doctor! Until he arrives he will most likely tell you to apply cold to the head and heat to the feet. Apply restoratives such as smelling salts, providing the patient has merely fainted. You will be asked to aid others in the years to come!

There is a vagrant star who will say hello to mother earth on April the 24th or 25th! You will be able to see, for the first time, with your naked eye, the Arend-Roland Comet, which is now headed toward the sun, and will pass mother earth fifty million miles out in space, or about half the distance between the earth and sun! This comet is only seen once in every thousand years, and is the very comet which was described during the Early Crusades, which came as an omen of ill fortune for the world! The only thing we have to compare to this comet is Halley's Comet, last seen forty-seven years ago, and not scheduled to make another appearance until 1986! This Arend-Roland Comet will be six hundred and twenty-seven times brighter than any other comet to date! Frozen gases will give the fuzzy looking comet a new radiation pressure, and will cut diagonally through the big dipper! All planetariums will have specially trained telescopes on this fantastic visitor from outer space! This Nomad of the wide blue yonder, this hobo of the heavens, which will greet us again, on the round trip, taking a thousand years! Is this the comet that the poet Milton believed was purgatory, where the souls from man and woman rested during the brief passage between life and eternity, which we call death? The space between is but an hour, the frail duration of a flower!

You will be forced to like the blackest and the strongest coffee in all the world direct from the Arabic states of the Middle East! A new advertising campaign was secretly launched and contracted last week that will contain powdered cream and gives you a creamy cup of steaming coffee. Here is the catch – once you coffee lovers taste this exciting blend, either Cafe Con Leche (with powdered cream) or Cafe Solo (straight black coffee, with no sugar or cream) you will find the stimulation so wonderful that you will never again be satisfied with American coffee, for "Cafe" will have it beaten in every way!

Bombardment of Ivlons will be very much in the news, for this new application of radar will actually remove the fatty substances from meat, – leaving the rich non-fattening high protein. Even the Latin dish of pork, rice and beans, one of the most fattening combinations known, can be greatly reduced in the calory count.

Your next taste sensation will be the Banana Cordial, a medical type of rum, which stimulates the appetite. This cordial will be prescribed by Doctors and Nutritionists as highly beneficial to certain patients. You will also be able to use it for cooking, sundae topping and whipped puddings.

I predict the next smaller room area of the East coast will be in the vicinity of Gettysburg, where our President is a gentleman farmer. Such cities as Harrisburg, York, and Littletown, Pennsylvania, will enjoy new prosperity! Many new industries and factories will move into this golden circle. Furniture making, clothing, and small-items manufacturing, including plastics, will lead the prosperity parade in this area! Remember this forecast! It will prove most valuable later!

There is only one profession that continually pays off, and that is the profession of salesmanship! Our entire world is built upon salesmanship! Nothing happens until somebody sells something! If you are seeking part-time or full-time employment your best chance will more than likely be in the field of sales work! Yes, nothing happens until somebody sells something!

FOR MEN AND WOMEN WHO WANT TO LOOK YOUNGER

Sometime ago on my television program, over the radio, and in my syndicated column, I promised to give you a secret formula by which a very famous Hollywood star was able to look half her age. This great star has also told me her secret formula and I now give it to you and know you will profit by this European beauty secret. Stars of television who must wear heavy make-up hours at a time have used this formula for fresh, clear skin and have insured themselves against make-up poisoning. It is so simple, yet so effective, that three large cosmetic manufacturers, who spend millions of dollars in advertising, brought pressure to bear, and kept this secret formula from being made public. This youthifying process consists of four simple steps — once a week! (1) Scrub your face and neck thoroughly with a mild antiseptic soap, in warm water. Pat the skin dry with an absorbent towel! (2) Shake a bottle of ordinary milk of magnesia thoroughly, and then spread the milk of magnesia liberally over your face and neck. Relax for a few minutes until this thoroughly dries, drawing the impurities from the skin and purging the pores, as it does the body when taken internally! To remove the thoroughly dried milk of magnesia mask, spread another layer of milk of magnesia over your face and neck which dissolves the first layer instantly! Then, remove the milk of magnesia with a warm, damp towel, (3) Take a small amount of pure olive oil, heat it to an above-body temperature, and apply over the face and neck with a dab of cotton or rub it in gently with the fingertips, stroking upward! Let this remain for five minutes until your skin soaks up the natural oils of the olive! (4) Have a bottle of ice-cold witch-hazel to use as an astringent, which removes the excess oil, leaving your skin fresh, clean and clear. This will magically help to erase the frown lines in the forehead, and also will help to tone the general contour of your face and neck, giving you a restoration of more youthful line.

The only thing you need to know about the value of this famous beauty secret is that it is now being given every day in a Fifth Avenue salon in New York City for $25.00. For a few cents in your own home you can pamper yourself once a week with this method. The first or second time you use it, your skin may be slow to respond, for you will remove considerable dead skin, and surface grime! After three or four treatments, your skin will become radiant and will have a natural glow, a new youthful firmness! Men will find that they can shave easier and closer! You girls will find that your make-up takes on a new, natural and younger look.

Again, I would like to tell you that this famous actress, who looks half her age, has used this simple formula to stop Father-Time in his tracks!

The next time you shop, buy one bottle of milk of magnesia, one bar of mild medicated soap, one bottle of

pure, imported olive oil, and one bottle of witch-hazel! You will soon be so young looking that your friends will pass you in the street and hardly recognize you!

Exclusive for you and you alone! May we reprint an item from the APRIL 1957 NEWSLETTER which caused many newspaper editorials, TV-radio comments and many indignant letters?

"You will not find it in your newspaper, on your television, or radio, nor will you hear many people talk about it, but the real truth is that DOGS are being raised in huge kennels to be used as food in Arizona! These mongrel breeds are bred for size, and size only! A rare delicacy for the Indians and many other gourmets. BARBECUED, BAKED, BROILED AND STEWED DOG is fast becoming a very acceptable and popular dish for the main course in many, many areas! The dog has an interesting history, retaining some of the ancestral characteristics of the wolf. Hunting dogs bay, sometimes howl at night, buries a bone, has acute sense of hearing, smell, vision, strong legs, sharp teeth, lean muscular body and protective fur! Early man domesticated the dog to help in hunting, and modern dogs have been developed to suit various needs. For example: working and hunting dogs, shepherd dogs, watch dogs, carrier dogs, racing dogs, retrievers, pets, and now food dogs. Over two hundred domestic breeds are constantly increased by crossing known breeds to secure desired qualities! This was the process used for securing the tender meat of high protein value in an eating dog. Although the Chinese have raised Chows for eating — this is the first time this barbaric practice has reached America!"

Many of our readers challenged this practice of eating dogs here in our nation, so I sought an interview with CHIEF BEARPAW of the COMANCHE TRIBE! Chief BearPaw is a full blooded Comanche, of the tribe near Boise, Utah, numbering fifteen thousand active, pure Comanches reaching into Arizona! The Chief, almost thirty, is tall, stately, athletic and a true child of the outdoors! He is a noted authority on Indian lore, lending his talents to research and to movie making! He is proud of being an Indian! We now quote the interview given exclusively by Chief BearPaw, which will dispel any doubts in the public mind about the eating of dogs!

"Yes, you may certainly say that dogs are used for food more than we think. The Comanches use a wild dog (of the coyote family) almost exclusively. These dogs are domesticated, and raised for the sole purpose of providing food! Dogs are hand picked for weight and for solidity of flesh! The dogs are then placed in a cave, where they are fed all of the raw meat they can possibly eat for twenty days! Deer and horse meat are preferred, due to the high protein value! These dogs now become very firm of flesh, and at the end of the twenty days, are taken out and shot through the neck! This vital zone is used for slaughter, for it is quick and does not damage the other portions of the body! The slain dogs are then carefully skinned, with the pelts being used for moccasins and coats. The dogs are then cut up into half-pound hunks, bones and all, and are placed into a large vat of boiling water, for eight hours! From time to time, carefully pared cuts of wild potato and wild onion are added, plus tender cuts of wild Indian turnip to heighten the flavor! The pottage resembles ordinary American beef stew! The meat of the dog is rich, red and high in protein! The Dog Soup is then cooled and served in gourds, the five to six inch diameter size! The odor is most pleasant, and the meat is tender! This is served only once a year at the Annual Ceremonial Dances. The soup is delicious, and truly is fit for the Sun God, which it aids to celebrate! Other Indian tribes have special recipes handed down

in their heads.
And Mamma in her kerchief and I in my cap
Had just settled down for a long winter's nap,
When out on the lawn there arose such a clatter,
I sprang from my bed to see what was the matter.
Away to the window I flew like a flash,
Tore open the shutters and threw up the sash.
The moon on the breast of the new-fallen snow
Gave a luster of midday to objects below.
When, what to my wondering eyes should appear,
But a miniature sleigh and eight tiny reindeer,
With a little old driver so lively and quick,
I knew in a moment it must be Saint Nick.
More rapid than eagles his coursers they came,
And he whistled and shouted, and called them by name:
"Now, Dasher! Now, Dancer; Now Prancer and Vixen!
On, Comet! On, Cupid! On, Donner and Blitzen!
To the top of the porch, to the top of the wall!
Now, dash away! Dash away; Dash away, all!"
As dry leaves that before the wild hurricane fly,
When they meet with an obstacle, mount to the sky,
So up to the housetop the coursers they flew
With a sleigh full of toys and St. Nicholas too.
And then in a twinkling I heard on the roof
The prancing and pawing of each little hoof.
As I drew in my head and was turning around,
Down the chimney Saint Nicholas came with a bound.
He was dressed all in fur from his head to his foot,
And his clothes were all tarnished with ashes and soot.
A bundle of toys he had flung on his back,
And he looked like a peddler just opening his pack.
His eyes — how they twinkled! His dimples — how merry!
His cheeks were like roses, his nose like a cherry.
His droll little mouth was drawn up like a bow,
And the beard on his chin was as white as the snow.
The stump of a pipe he held tight in his teeth,
And the smoke it encircled his head like a wreath.
He had a broad face and a round little belly
That shook when he laughed like a bowl full of jelly.
He was chubby and plump, a right jolly old elf,
And I laughed when I saw him in spite of myself.
A wink of his eye and a twist of his head
Soon gave me to know I had nothing to dread.
He spoke not a word but went straight to his work,
And filled all the stockings; then turned with a jerk,
And laying his finger aside of his nose,
And giving a nod, up the chimney he rose.
He sprang to his sleigh, to his team gave a whistle,

OBSERVATIONS

(*Continued from Page 74*)

And away they all flew, like the down of a thistle.
But I heard him exclaim ere he drove out of sight,
"Happy Christmas to all and to all — a Good Night!"

This was a true picture of the Santa Claus the children years ago believed in, and woe to the person who tried to disabuse our minds of this lovely myth — even when we were old enough to know better, we still held to it with all our might — such is the faith of childhood. This little poem seems to have about all there is of Christmas cheer. In my youth, almost every child knew it but its lines brought happiness and laughter to older people as well as young. To us children, Santa Claus was very much alive although, of course, deep in our hearts was hidden the realization that he was only a myth.

We did, never-the-less, persist in hanging up our stockings on Christmas Eve until after we were men and women. We, who had reached the mature age of ten were just as expectant as the little tots. For years we expected Santa to bring us a Chatter Box, a year's subscription to the "Youth's Companion," an orange, a few nuts (including some wonderful Brazil nuts) and a plentiful supply of red, sugar-covered candies. The weekly "Youth's Companion" had a wonderful list of prizes and premiums and was published by Perry Mason Co., in Boston and seemed able to last through the ages. I wonder what became of it?

"The Chatter Box" was a book bound in hard covers printed in red and yellow. On the back cover was an advertisement of only four words, printed in big red letters: "EPP'S COCOA — GRATEFUL — COMFORTING."

It was the first display of big advertising and it seemed to us that any outfit who could afford such lavish advertising would last forever. It also has sunk into oblivion. The book was about six by eight inches in page size and was full of interesting stories for children. I have not heard of it for many years.

The orange we peeled, and then separated its segments, allowing ourselves one a day. The candies were divided so as to make them last as long as possible. No, we were not poor people, but in those days we were taught the advantages of thrift above lavish expenditures.

As we grew a little older Christmas took on a more substantial meaning. On the third finger of my left hand I am still wearing a ring set with a colorful, changeable tiger's eye stone. It was placed on that finger by my mother on Christmas Day 1883 and is among the dearest of my possessions. Hidden away in a box is a blackened, old silver Elgin watch and chain given me by my mother and father when I graduated from the high school in Austin, Minnesota that I carried until 1895.

In 1889, we lived in Redlands, California, and I had an office in San Bernardino, ten miles from Redlands. This was the first Christmas after Delphine and I were married, and of course, I wanted to give her something beautiful and lasting. I chose a wicker arm chair at a store in San Bernardino and had it woven with pink and blue ribbons. On Christmas Eve I had the chair well done up with wrapping paper and took it to the little narrow gauge railroad motor which then ran between the two towns. It began to rain, so, to the discomfort of the other passengers, I managed to get my precious chair inside the car with me.

It was raining furiously when we reached Redlands, but, wet to the skin myself, I drapped the chair inside the street car which finally got me to my father's home a mile and a quarter from town. When the old mules stopped to let me off it was still raining, but I got the chair into the house without getting it very wet. It was a strenuous journey, that ten miles on that Christmas Eve of 1889, and Delphine still has that chair in

front of her desk, although the gay ribbons are long since gone.

Oh yes, I have experienced many other happy Christmases, but I think I should tell of the first Christmas after I came to Las Vegas in 1905. The Las Vegas Aerie 1213, Fraternal Order of Eagles was instituted by one of its high officials, Con Ahern, prominent citizen of that then great bonanza mining camp, Virginia City, on September 15, 1905 with seventy-five charter members. That Lodge provided a cohesive group of active citizens which we so much needed to stimulate the sickly little city, and their aid was very gratefully received.

A real Christmas celebration was planned by the Eagles. They sent a team and several members to the mountains and brought back a real Christmas tree. The big garage near the northeast corner of Main and Stewart Streets, which had been erected by the hopeful company that had tried to operate motor busses between Las Vegas and Goldfield, was chosen as the logical place in which to hold the celebration. It was cleared and a small stage and benches were made for the occasion.

The school teacher, Miss Alma Tuttle, took charge of the program and about every child in town had a part. This made the program very long, but the Eagles had also provided goodies for the children and the parents were rewarded by hearing their children take part.

For some years Vegas, each year, had a community Christmas Tree. All church societies as well as other organizations such as the Mesquite Club, pooled their resources. A great evergreen tree was brought from the mountains and set up in the middle of the four corners at First and Fremont Streets where there was nothing to limit the height of the tree, and we really had some whoppers!

An organ was placed on a stand by the side of the tree and the choir sat

near the organ to lead the parents and children in the singing of many of the old Christmas Carols, and it was wonderful to hear how the almost forgotten words came back to the singers. After the singing there was a short Christmas talk and then the big event – the handing out of candy bags to every child.

While all this was going on, a committe of Elks distributed baskets of groceries to the homes of all the needy in town and this organization (the Elks) still maintains this fine program of bringing cheer to the unfortunate. It is financed in part, by the annual charity ball and aided substantially by generous residents of our town.

There were several times when our community Christmas was covered with snow and people had to stand around for an hour or so with wet, cold feet, but, somehow, we managed to stand it. One such "White Christmas" was that of 1909.

There had been occasional snowfalls all through December, and it seemed as if our climate was actually changing—at least some folks thought so. There was snow on the ground until the eve of New Year's Day, 1910 when a steady rain set in.

I went to the station to mail a letter on the Los Angeles Limited, due to leave for Salt Lake at nine fifteen that evening. The train was right on time and left the depot majestically in a warm, gentle rain. That train stood in the sand a few miles this side of the Nevada-Utah State Line for several months, and it was five and one half months before Las Vegas had another through train.

That warm, pleasant rain fell over this entire intermountain country and quickly turned the heavy blanket of snow over hundreds of square miles of mountains and plains into roaring torrents of water which nothing could resist. A carload of race horses was caught by the flood and all the fine racing animals were drowned. Freight cars full of merchandise were floated from close to Caliente clear into the Moapa Valley. One hundred miles of our railroad was washed away and for a time there was doubt whether the railroad would ever be rebuilt. Finally, big crews were put to work on a new "high line" which would be out of reach of future floods. Fortunately, no such disaster has occurred since that memorable New Years of 1910. The rebuilding of the railroad cost some six million dollars, which is certainly a high price to pay for a "White Christmas."

Fabulous Las Vegas wishes for a very Merry Christmas to everyone!

when it comes to marriage, took another bride in his race to make it a dozen by 1960. Hardly had the vows (???) been taken and the ink dry on the license (!!!) when Pat Gaston separated from the wealthy sick one.

Then there was Mike Todd, who emerged from the ranks of promoter to producer and vaulted onto the tag "super general impressario." His picture, "A.T.W.I. 80 D.," was a form of exotica on the screen; his party at Madison Square Garden was an attempt at opulence that became an erotic bore, a cornucopian evening of nothing.

It was sad to lose Humphrey Bogart. First, he was an individual, a "rara avis!" Then, he was an actor. His virile portrayals will long be remembered. Evidence for his immortality is available on your teevee screens when his old pictures are shown. By Hollywood standards he should be apotheosized. No replacement is even remotely in sight.

Late in the year Bing Crosby defied the lyrics of "September Song" and married Kathryn Grant. The Groaner seemed to be searching for a new spark and a fresh investment in living with this marital plunge. If loneliness was in his keep, then "Der Bingle" is certainly entitled to reach for the ring — gold or brass.

Television went western happy and most of the saddle set, cowpokes and silent gun toters were left in the corral. The script writers were stampeded in their mad dash to the stockade, where, perhaps, the files on old plots were kept. Dust biting was plentiful and "last roundup time" was every thirteen weeks — come 1958.

The stock market was "Wail Street" one day, the lowest in two and one half years and did a recovery about face that recalled the good hours before October, 1929.

Over the Mistletoe: Christmas, glorious season for the inner good of mankind, is with us again. As a munificence, it is a necessary calendar date, but the gift bestowing must be an exchange of thoughts, of deeds, of human concern rather than indulgence of giving and getting material goods. Christmas is an annual armistice for humanity. For some hours, perhaps days in devout cases, Homo Sapiens the Christian world over, pause in their sinning, slow down in the callous commercial dead end race and look to the Saviour for guidance and continuance. The frenzied among us join with the sedate and pay homage to the most respected of all natal dates. Unfortunately, fatuous thinking replaces the "peace on earth, good-will to men" philosophy when the tinsel is off the trees and the gifts and cards are memories.

Sermon over, have a Healthy, have a Happy, have a Merry!

Bill: "What disease can you have and enjoy?"

Sam: "I don't know. What?"

Bill: The mumps, because you have a swell time.

MERRY CHRISTMAS

Yuletide Cheers

To You and Yours –

DONALD O'CONNOR

(*Continued from Page* 52)

a tour of Israel to which she has long looked forward.

Sophie mentioned, the other night, that to date she has already raised for charitable causes more than two and a half million dollars! That mountain of money represents, in the coin characteristic of our day, a massive monument of affection for Sophie Tucker.

Well, this news story started out to be a simple but proud announcement for the community of Denver and the Rocky Mountain Region. An announcement that Sophie Tucker has graciously consented to be with us at our Rose Hospital Banquet this year — in honor of which our hospital is dedicating its free maternity clinic to Sophie Tucker — and this shall stand forever as our proud and grateful tribute to her.

That's all I started out to say; but look what came out! Well, I'm glad to have said it, and I hope and know that all of the fourteen hundred guests who regularly attend the annual Rose Hospital Banquet will be on hand on Thursday, December 5th, at the Shirley-Savoy Hotel, at our testimonial to this great-hearted humanitarian to shout "Amen and God Bless You" to Sophie Tucker.

GREETINGS

Your good-will and friendship have been invaluable to us, and we take this time to extend our thanks and add to it --

OUR CHRISTMAS GREETINGS!

LAS VEGAS NEVADA

'ROUND THE TOWN

(*Continued from Page* 14)

During the past year, SAM has become one of FLV'S greatest ambassadors and his talks to many organizations have been the means by which many new faces have looked upon our wonderful town.

On February 9, 1957, we recognized another new addition to the fabulous "strip":

"Thousands of people will attest to the fact that THE *WONDERFUL WHERE* IN LAS VEGAS is located at the ROYAL NEVADA HOTEL. Last Sunday (Feb. 3) the newly opened bistro and casino played host to FLV and its visitors, who responded to the invitation in droves. All were impressed with what they saw—and felt: The lushness of the Hotel, its cabaret and casino; the unique and authentic LUAU ROOM; the exquisite PALM ROOM, and the warm friendliness of the management and personnel. It's one more proud addition to our incomparable Strip—and, so, A ROYAL WELCOME TO THE ROYAL NEVADA . . ."

There have been many, many changes taking place in the "Wonderful Where" since that was penned, but the important thing is that (as of now) one can still get a "Royal Welcome at the Royal Nevada".

On February 16, 1957, it was said:

"Could be that several Las Vegas business men will be wishing that they had jumped on the band wagon. I hear that big Eastern electrical manufacturing companies are vieing to obtain the rights to manufacture a new safety device (hailed as the greatest safety factor developed since the inception of electricity) patented by a group of local men. The SAFETY-LACEY CORP., has been formed by MILT BRONSON, entertainment director of the ROYAL NEVADA, BOB JAMES, BOB LACEY and BOB RAMSEY, for the purpose of promoting the manufacture and sale of this product of the inventive mind of this group . . ."

All I can say to the above is "Wha' happened" MILT?

The column lead for February 23, 1957 was as follows:

"A slight case of education: Take a trip out along the Strip and read the signs announcing the current attractions at each hotel. Collectively they read like a Who's Who! of show biz. Each and every Hotel's marquee features a solid gold name in the world of entertainment, plus added attractions of name acts which guarantee hours of pleasure to the entertainment seeker, AND ALL THIS AT A TIME OF YEAR WHICH IS SUPPOSED TO BE SLOW FOR FLV! It all gives credence to the words of BEN GOFFSTEIN of the RIVIERA HOTEL. Last week VARIETY quoted BEN as saying that Las Vegas has outlived the Burst Bubble era and has emerged more stable (and smarter) and that all indications point to a rising income era. BEN gives much credit for the comeback to the fact that the Hotels are concentrating on new convention business and are campaigning for this extra business to fill their hostelries during so-called slow seasons, and for the improvement in transportation facilities. BEN GOFFSTEIN is so confident of the future that he indicates, a construction policy is now in the planning stage which will add two hundred additional rooms, a roof garden and exhibition hall to his plush hostelry. DICK CHAPPELLE, resident manager of the RIVIERA HOTEL, is due for much of the credit for the increase in its hotel business. This veteran hotel man is well known and liked in all parts of our country and has always sold Las Vegas in his travels and public relations work. The RIVIERA is not alone in this confident, forward-thinking trend. All Strip hotel owners voice the same optimistic thoughts and are readying plans to accommodate the greatly increased influx of people to the Showplace of U.S.A. . . ."

How true . . . since that item appeared, there have been new addi-

tions to the "Strip"—new "big" names have been added to the roster of big name entertainment. Most of the Hotels are well into planning and building stage of additional accommodations for the ever increasing number of visitors.

Then on March 20, 1957, it appeared:

"Nice to see BONNIE DORLAND hostessing at the Showboat Shobar, while DOROTHY TSOURAS does the same in the coffee shop there . . . GEORGE KAVANAUGH, the dapper Showboat manager, at Cedars of Lebanon Hospital in L.A. for check-up.."

BONNIE has since transferred to the EL RANCHO VEGAS where she is ass't. to ARTURO, but DOROTHY is still greeting the "landing parties" at the SHOWBOAT. Our good friend GEORGE is now at the DUNES.

On April 6, 1957 we carried an item:

"The very popular Maitre d', NICK BUNGHERO, (and he sings too) is now greeting his friends at the Palomino Room of the Hacienda Hotel . ."

The popular NICK is now carrying out his duties at the SILVER SLIPPER. Changes . . . ever changes . . . and, speaking of changes, our column lead on the above date was as follows:

"GOOD NEWS DEPT.: DON ROSE is now officially the manager of the R-N and Executive Ass't. to T. W. (RICH) RICHARDSON, Pres. of the bistro. Couldn't happen to a nicer fella . . . FRED WARREN, major domo of the Cabaret Lounge there, makes it a pleasure to spend a few leisurely moments at this popular spot. He will greet you with a smile and make you feel like a point owner . . . The Crown Room of the R-N which will soon be open (CAB CALLOWAY'S COTTON CLUB REVUE will be the starting attraction) under the capable direction of Maitre d' MAC HARRIS is sure to become a rendezvous of Strip showgoers . . .

"And don't tell BUCKY that I told you, but GEN' MGR. MR. HARRIS, is sure to become one of the best known (and liked) hosts on our wonderful Strip . . . The TROPICANA opening brings many Las Vegans to new posts of authority. It will be a pleasure to stroll in and be greeted by DAVE (GOLDEN BOY) VICTORSON, an ass't. to Maitre d' EMIL HOLLANDER . . . EMIL, by the way, comes to Las Vegas heralded as the most widely known Maitre d' in the business today . . .

"You will see the very popular LOU GAMMELL as the head of the Security Officers force. One of his capable officers is JOE BREMSER. JOE has been keeping the job hunters in line and generally sees to it that everyone finds whoever they are seeking. "CY" BAXTER, Special Officer at the door these many months prior to opening has become well-known and liked by those who have sought entrance . . . BUD ALEXANDER, who probably knows more V.I.P.S than anyone else in Vegas, is in charge of service . . . HARVEY DIEDRICH is in charge of all publicity. It was a wise choice. HARV knows his job and how to get things done . . . A tip of the lid to Gen'l. Mgr. BOB CANNON for his selection of personnel. He has surrounded himself with some fine people who will be an asset to the new TROPICANA . . ."

Did you note them all? DON ROSE is no longer with us. FRED WARREN is now at the TROPICANA . . . MAC HARRIS is a Captain at the RIVIERA, "BUCK" HARRIS can be found at the SANDS HOTEL, DAVE VICTORSON is with SY HUSNEY at the NEW YORKER BAR . . . Maitre d' EMIL, visited with us for a few days recently. HARVEY DIEDRICH is with the SAHARA HOTEL . . . and so it goes. . . .

On April 13, 1957, I penned:

"A welcome visitor in town was SHERWIN AGRONE of the Finance Department of Fort Campbell, Tennessee. Sherwin, son of MARVIN AGRONE of the FLAMINGO HOTEL, is on a 27-day furlough. Have fun son . . ."

Just a few days later, we read of

the untimely death of MARVIN . . . a great loss . . .

From the April 20, 1957 edition:

"The Tournament of Champions is again the topic of conversation and the D.I. Golf course is the focal point of interest in FLV. The competitors are all Champions and through elimination, one will emerge as the Champion of the Champions for 1957. So—Hail to the Winner—whoever he may be."

The happiest man in Las Vegas was singer FRANKIE LAINE, who again strung along with GENE LITTLER. This was the only story in the course of a year in which no change was recorded—LITTLER won again.

From the column of April 27, 1957, we read of:

"Another weekend — and another new entry on the Strip. The SILVER SLIPPER opened the new lounge, just completed, which required building an addition to the casino. EDDIE FOX, Producer of the Slipper shows, says that the entertainment planned for this GAY NINETIES room will be unique and different and in the tardition of the days of 23 Skidoo. The adroit Mr. Fox adds that many acts, all new to Vegas, have been carefully considered and will soon be strutting their stuff on the boards of the new, specially built stage. Meanwhile—back at the ranch, all goes on as usual with HANK HENRY and his company of guffaw producers in the main room. The addition has also made it possible to seat several score more people to enjoy the regular shows."

This has become one of the Strip's most popular late-hour lounging spots.

Then on May 4, 1957:

"GEORGE POLITO and GENE GERSON very busily preparing for the important change soon to take place at JACK GARN'S MEN'S SHOP . . ."

What change, you ask? Why certainly, Sir! It is now JOHN ALAN'S MEN'S SHOP.

This item was printed on May 18, 1957:

"And sure to become FLV favorites is the REMARKABLE RUBIN TRIO who recently opened there. These boys (RUBIN MITCHELL, pianist, CHRISTOPHER ROUSE, Bass, and BILLY WARREN on the drums) play the semi-conservative yet progressive jazz that makes everybody listen."

Except for a short few weeks when the group traveled back East, the boys are still with us, and at the same stand. And the same can be said of:

"The Celebrity Matinee, brainchild of the EL CORTEZ' JACK SMITH who turned the Cirque Room into a Three-Ring circus of entertainment. Many of the Strip stars turned out to be good skates for the GEORGE ARNOLD Ice Revue" an item which appeared in the same issue.

On May 25, 1957, I said:

"It's always a pleasure to meet LOU ELLENSON (Former New Frontier Exec.), a gracious gentleman. LOU is relaxing and visiting with friends these days. We have a hunch that anyone liked as much as he is by EVERYONE will be back in Action very, very soon . . ."

And am I glad?—MR. ELLENSON is now General Manager of Fabulous Las Vegas Magazine . . . and MY boss. Another item that week said:

"KEN KAPLAN of the BEAUX ARTS BEAUTY SALON was called in to do JUDY GARLAND'S coiffeurs. JUDY likes his work so well that KEN and his wife are now on tour with the GARLAND show . . ."

KEN soon returned to FLV and quickly assumed ownership of the BEAUX ARTS SALON and is making our gorgeous women more gorgeous.

From the June 1, 1957 column:

"GEORGE LIBERACE'S first Rock and Roll recording is due for release next week. The idolators of side burn music have been eagerly awaiting this . . ."

This Imperial label record was soon

to become one of the country's leaders in the sales of Rock N' Rollers.

And on June 22, 1957:

" 'Life can be thrilling' dept. MYLEE ANDREASON, born and bred in showbusiness, became a featured singer but longed for more action. She enrolled in the VINCENTE GOMEZ SCHOOL FOR MATADORS in Hollywood and after intensive study headed for the land of the bulls. In Mexico she became a 'Novillero' and as such took part in many 'Tientos' or festival fights as they are called. She fought the Becera (calves) and then the Novilla or two year old novice bulls. After twelve fights (in which she made four kills) over a one and one-half year period, MYLEE decided to return to the states for a respite period. She is now a songstress with THE FLAIRS entertaining nightly in the Lounge at the FLAMINGO . . ."

For *more* thrills, MYLEE was soon to be called as a key witness in the highly publicized "Confidential" trial. Some fun, eh, Kid?

Also on June 22, 1957:

"A hearty welcome to DAVE BURTON and his boys who have returned to the Flamingo lounge. Dave will soon add a baby bonnet to his hat rack — a present from MRS. BURTON . . ."

DAVE has become a permanent fixture at the Flamingo . . . much to everyone's enjoyment, and the new edition, named "BRIAN ADAM", is very healthy and happy, thank you...

In the June 29, 1957 edition I penned:

"BERNARD, the Photographer is anxiously awaiting the publication of his book Fabulous Lili. It's the pictorial story of LILI ST. CYR, and BERNARD shot over five thousand pictures in compiling the work. Only twelve hundred were printed, however, and from these were selected one hundred of the best of the lot. The book is being published by TITAN CORPORATION of Chicago and should be off the press any day now . . ."

And I'm still waiting for my autographed copy, BERNARD. What gives? Or don't you?

July 6, 1957 was the date the following items appeared:

"According to OLIVE GURDEN of the D-I Smoke Shop, the popular LIL CHERRY will soon be dispensing your favorite tobacco—gifts—magazines or papers at this spot. She has recovered nicely from the accident which broke the lady's ankle . . . Luck of the Irish—MARY BECKER, photographer, bought one ticket for a charity which was held recently and won a beautiful combination Hi-fi, Radio and Tape Recorder. Hubby FRITZ, a topnotch pianist in town, is very happy about the whole thing—especially the Hi-fi . . ."

The well-known "Lil" decided that work was not for her and she is now living with her relatives down in Texas . . . And the luck held out for MARY BECKER. She was presented with a beautiful wrist watch recently by WILBUR CLARK in honor of her work at his DESERT INN.

On July 13, 1957, do you remember reading:

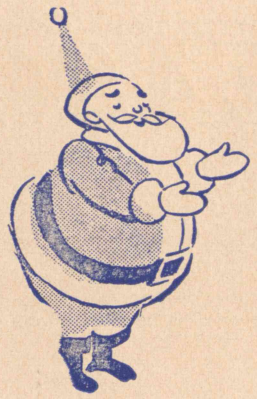

"Welcome news along the strip: Re-opening of the NEW FRONTIER Bar by CARL REED. JIMMY SERINO is happy to be back as manager at the old stand. JIMMY has been with the NEW FRONTIER for six years and his welcome smile is a pleasure to see once again . . . DON SANTORA, new member of the NOVELITES, is doing a really bang-up job. DON has been a featured comic and straight-man with other groups including The Dead End Kids (No—not in the movies) . . ."

And I'm happy to state that, as of this moment, all goes well with the principals in those items.

The July 20, 1957 column noted:

"The strip's newest Maitre d' RICHARD HUBERT of the TROPICANA, is very happy in his new assignment and has successfully and easily stepped into the shoes which sometimes

have a tendency to pinch if put on the wrong feet. Dick is well liked and is assisted by a very fine group of captains."

And DICK, who served so well as Captain at the RIVIERA has become a leading Maitre d' along the fabulous "Strip." . . . It was always a pleasure to write about these nice guys and, on July 27, 1957, I said:

"The Damon and Pythias of 'the strip' are now associated in the very popular NEW YORKER BAR on So. First Street near Fremont. That's SY HUSNEY and DAVE VICTORSON of course, and these two popular boys are sure to make a success in this new venture."

You are sure to find any number of your friends frequenting this popular spot most anytime of the day or night.

Taken from the August 24, 1957 column:

"Hollywood, New York or Chicago may have produced greater throngs of people at their many film premiers, but none of those metropolises could have brought such a sincere and heart warming tribute as that accorded our own — JOE E. LEWIS. 'The Joker Is Wild' (Joe E's own story) starring FRANK SINATRA, and so ably aided with another of our own, HANK HENRY, premiered last night at EL PORTAL theatre. It was an overwhelming ovation to the picture and its stars, but more specifically to the heart and spirit of the man depicted. It was 'post time' for real last night and none of the show 'biz' greats who attended, as well as the populace of Las Vegas itself, would let JOE E. forget that in this 'race' of life — he was 'out in front' and a 'winner over the line' the odds-on favorite of an entire nation. . . ."

This was one of the most important events to be chronicled during the past year. Both JOE E. and HANK have done much to turn the spotlight of favorable publicity on Las Vegas. They deserve special greetings and wishes for another spectacular year.

We read on August 31, 1957 that:

"HOYT HENRY whose band will play for the shows at the HOTEL SANS SOUCI, says that he expects to wave the baton about October 1st. HOYT is the Musical Director and has been under contract since leaving the DUNES."

"A well adjusted Las Vegan is one who laid in a supply of food — and drink — gathered his family in their home and hibernated over the long holiday of last weekend. The tourists, the sightseers and the game-minded visitors took over our town by the thousands. Am I kidding? Who in Las Vegas is well adjusted? We were all out there vieing with the tourists for a spot at a bar, a seat in the lounge, a table for a show or a chance to make it or break it at the tables. Now it's time to return to the 'norm' — which in FLV is the same as a gala 4th of July celebration in any other town. Happy to get away from it all (for awhile) are ART JOHNSON and FLO WALTERS. They leave on the 17th to visit their families in Grantwood, New Jersey and Flushing, Long Island."

While in the East, the talented ART won a Talent Scout award on the ARTHUR GODFREY show. He then appeared on the "Redheads" daytime show for the full following week.

Then on September 14, 1957:

"Hope you haven't missed the opportunity of attending a performance of 'The Little Hut' in the HACIENDA HOTEL Palomino Room. The all-professional cast does a good job and judging by the continually increasing audiences, this 'legitimate' entertainment is due to become a permanent fixture among 'strip' shows. Tentative plans call for a new play about every two weeks and the casts will be changed for each production."

Oh well, we all make mistakes. . . .

On September 21, 1957, we hinted:

"It could be true — rumor has it that the ROYAL NEVADA will originate a network TV Show about October 1st — to be called 'Talent Train.' . . . If FLAMINGO customers didn't

find fish on the menu last week, it isn't because NAT HART, Maitre d' and JACK KOHLER, Chef, didn't try. They plied Lake Mead's waters all day, but no luck. Nat was seen in a super market's fish department on the way home."

The rumor was true – but the show was of short duration – and, I don't know if it was because of the "kidding" but, NAT (and the Missus) soon took a trip to Honolulu, but JACK, well, he's still out there trying and some day there will be fresh fish on the menu. . . .

Leading our column on September 28, 1957 was the following:

"Sunday, October 13th will be a big day for the SILVER STATE KENNEL CLUB of Las Vegas. That's the day the Plan B Sanction Match and Obedience Trial will be held at Squires City Park and OSCAR FERGUSON, President of the club, says that entries have been coming in at a rapid rate from far and wide. This will be the first match sponsored by our local club to be sanctioned by the AMERICAN KENNEL CLUB. It is an important step forward and in due time will become an important factor in Las Vegas economy. MR. FERGUSON points out that each entry means an average of two persons who will come to Las Vegas. He envisions that as soon as point matches are sanctioned and regular show entries allowed that an entry list in excess of one thousand can be expected. This would mean over two thousand people who would visit our town for this one event. Quite a convention, eh what? Let's all get behind the enthusiastic and community minded MR. FERGUSON. Every added newcomer to visit FLV benefits us all. . . ."

Subsequently this became the largest (entries) and most successful match ever held in Las Vegas and presaged the truth in the forward looking and thinking of Oscar Ferguson. Next year it will be larger and better than ever. . . .

In the same column I itemed:

"RAELLA and JACK FACTOR from Beverly Hills (related to the multi-millionaire cosmetic family) have been awarded the contract for building, finishing and eventual opening of the STARDUST HOTEL by the Nevada Courts. Best wishes and needless to say we are delighted. . . ."

Up to this time, there have been no other developments pointing to the ultimate "fate" of this hostelry – but no news is good news and we all hope the New Year will bring new optimism. . . .

You read this item in the column of October 5, 1957:

"BOB TIMM, slot department boss, spent three busy days in L. A. on top secret business for his HACIENDA. Can you let us in on it now, BOB?"

I predict that the results of those three busy days will mean the greatest publicity and promotion that will ever be accorded to Fabulous Las Vegas.

I started the October 12, 1957 column with:

"Well folks, "I've had it! The Asiatic 'flu' I mean. When you feel hot at the top and cold at the bottom (sometimes vice-versa) and the lining of your tummy keeps signaling 'let me out' and your head reminds you of last Sunday's hang-over, brother you've got it too. A large bouquet of flowers to my C. W. (that means 'charming wife' fellas) for the swell job she did in taking care of me, my business and in putting together last week's column. It was all hers. I couldn't lift a pencil. . . ."

Guess I was one of the first in town to contract the new (???) disease. After that, practically everyone in town was suffering in some degree or form . . . it respected no one but demanded respect from all. . . .

Then on October 19, 1957, I asked: "Wonder if the plane trip to New York made by HAL BELFER could mean that the future activities of this prolific producer might be centered in that metropolis?"

It was only days later that HAL announced his resignation from the

FLAMINGO. He has entered the personal management field and this popular fellow with the many great talents is sure of success in his endeavors. . . .

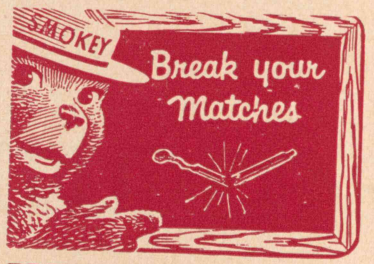

Do you remember on October 26, 1957, I said:

"I'm not the first to say it, but do your Xmas shopping early. Just a month from now the sales of bicarbonate of soda will take a sharp rise as an aftermath of that huge Thanksgiving day dinner you ate. Then a month later, you will be keeping the storekeepers busy exchanging the vases, ties or hosiery that were Xmas gifts from 'Aunt Mary' or 'Uncle John.' Times awastin' — so make it easy on yourself — shop now! Our advertisers have many gift ideas to offer . . . so take advantage of their services and shop NOW. . . . End of pep talk. . . ."

All I want to know now folks is . . . did you?

And so it goes in Las Vegas — fast paced, ever-changing, ever growing. Yet there is one thing which never changes and that is — the spirit of Christmas — and our constant feeling of friendship and good-will toward our fellow men. Because of that one "constant" in our lives, I can think of no better way to end this year's column than by repeating the same greeting as last year. . . . "To my many friends, acquaintances and business associates, to everyone — everywhere, I wish the best of everything for the coming year and for always. To my lovely and wonderful wife, and to her Mother and to mine, and to all in our families, I wish for the brightest and cheeriest Christmas and New Year and to good ole' Santa Claus — A Merry Christmas to you — too!

JULY 27, 1957

Cover: TINA LOUISE, of Broadway's "Lil Abner."

The Saturday before, virtually every performer in FLV headed for the JOE E. LEWIS-ROBERTA SHERWOOD-NEJLA ATES 2:30 a.m. performance at the HOTEL EL RANCHO VEGAS. Owner, BELDON KATLEMAN, magnificently picked up the tab for all patrons.

Beautiful LEONA GAGE (first place winner in the "Miss U.S.A." contest) was dethroned before she had an opportunity to enjoy her success. She was married and had two children, three qualifications that automatically removed her crown. However, MONTE PROSER signed her into the TROPICANA HOTEL, for an August opening.

"SLIM" HAROLD held the lobster eating record at the HOTEL EL CORTEZ. He consumed seven, at one sitting.

The JOE W. BROWNS were expected back at their HORSESHOE CLUB, in August. They were to confer with interested officials on a proposed plan to introduce a Hot Springs Spa to this area. They unearthed a Spring when their engineers probed for oil in the Paradise Valley sector.

JIMMY CAGNEY made screen history when he pushed a grapefruit into MAE CLARK'S pretty face in, "Public Enemy." . . . In "Man of a Thousand Faces," Jimmy receives a chocolate cream pie, smack in the face, during a silent movie sequence.

Heard the sample album of "Lounge Stars in Fabulous Las Vegas" (PRESCOTT) and were greatly enthused with it.

The GARWOOD VANS entertained DOROTHY COLLINS and hubby, RAYMOND SCOTT, at LOUIGI'S CHARCOAL BROILER.

MAE PARKER (operator of the Beauty Salon at HOTEL EL RANCHO VEGAS) was married to WILLARD GUSTAFSON, July 20th. Groom is from Albuquerque, New Mexico and is associated with the A.E.C.

SIGRID and TOM McGOWAN became parents, July 15th, in Reno.

NICK BUNGHERO, Maitre d' SILVER SLIPPER, exposed a romantic baritone in the Lounge, when he subbed for PAT YANKEE.

We were shocked by headlines that announced an unprovoked attack on "MOM" LIBERACE.

GARR NELSON (Emcee and Show Producer of the SHOWBOAT HOTEL) left for a two week Salmon search in the Stanley Basin, near Challis, Idaho. He promised his friends a fine fish dinner upon his return.

LEON KIND helped HARRY FARNOW with the slots at the TROPICANA HOTEL. He is the Ace who piloted PRESIDENT EISENHOWER all through Korea, during the crisis.

JOHN WHITMORE became new dayshift boss of the PIONEER CLUB.

We expounded the talents of BUSTER HALLETT, Ork Leader and Show Producer of the HOTEL EL CORTEZ. He is also among the finest musicians and musical arrangers in FLV.

The BOB RICES (of the DUNES HOTEL) took son JEFF to Lake Tahoe for a short vacation.

BETTY REILLY returned to the ROYAL NEVADA HOTEL, with the DICK JOHNSON QUINTET.

Had the pleasure of meeting DAN MIRABELLI, Cashier at the CALIFORNIA CLUB. Brother FRANK owns the NEW VEGAS LANES.

BOB LEVOFF and GEORGE ROSENCRANTZ dissolved their partnership. Bob took over the HOLLYWOOD FURNITURE CO. and George, the HENDERSON FURNITURE CO.

JOCKEY WARREN, "game starter" of the HOTEL EL CORTEZ, presented his wife with a 1957 Pontiac, in appreciation for the forty years of wedded bliss she provided. Mrs. W. is assistant wardrobe mistress at the DUNES HOTEL.
