<b>Abstract:</b>	Oral history interview with George Bogdanovich, Angie Bogdanovich DeLong, Sophie Bogdanovich Romans, and Nina Bogdanovich Wolters conducted by Shirley Leavitt on December 01, 2003 for the History of Blue Diamond Village in Nevada Oral History Project. In this interview, the Bogdanovich siblings talk about their family's move from California to Arden, Nevada in 1923, and subsequent move to a company mining camp at the Blue Diamond Mine in 1924. They describe living in a tent-house built by their father and walking several miles to a one-room schoolhouse each day. They also discuss the establishment of the mine, the lack of facilities in the mining camp and the growth of Blue Diamond Village. They share many anecdotes about local residents and activities in the Village, including the growth of various churches and the construction of a community pool. The siblings also discuss visiting Las Vegas, Nevada with family and friends.

### Access Note

Collection is open for research. Where use copies do not exist, production of use copies is required before access will be granted; this may delay research requests. Advanced notice is required.

### Publication Rights

Materials in this collection may be protected by copyrights and other rights. See [Reproductions and Use](#) on the UNLV Special Collections and Archives website for more information about reproductions and permissions to publish. Some transcripts do not exist in final form, therefore any editing marks in a transcript (deletions, additions, corrections) are to be quoted as marked.

## Acquisition Note

This interview was conducted by the Blue Diamond Oral History Committee. Materials from this oral history project were donated to UNLV Libraries Special Collections and Archives in 2013.

## Processing Note

Interview materials were processed by UNLV Libraries Special Collections and Archives in 2017. Melise Leech wrote the collection description. The audio cassettes for this interview have been reformatted by an external vendor into a digital format. MP3 files of the audio are available for research use.
